Safety Instruction Guide for WCP320 Grip Module

Introduction

Thank you for choosing the WCP320 Grip Module for your SIG SAUER P320 Carry II. This guide provides essential safety instructions and information to ensure a safe and effective experience with your new grip module. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using the WCP320 Grip Module.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Store your firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Use the WCP320 Grip Module only with compatible models of the SIG SAUER P320. It is not compatible with California versions of the SIG SAUER P320.
- Regularly inspect the grip module for any signs of wear or damage. Do not use if damaged.
- Be aware of your surroundings and ensure a safe shooting environment when using your firearm.

Specific Safety Precautions for Use

- **Manual Safety:** This grip module is available in both manual safety and no manual safety options. Ensure you understand which version you have and how to operate it safely.
- **Grip Traction:** The exclusive Starburst grip pattern enhances traction. Ensure your hands are clean and dry for optimal grip performance.
- **Recoil Management:** The upgraded beavertail grip tang is designed for smooth draws. Practice proper grip techniques to manage recoil effectively.
- **Weight Compatibility:** This grip module includes internal slots for Tungsten weights (NW734). Ensure you are using compatible weights and that they are installed correctly.
- **Training:** If you are inexperienced with firearms, consider seeking training from a certified instructor before using your firearm with the WCP320 Grip Module.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded. Remove the magazine and check the chamber.
- Follow the manufacturer's guidelines for disassembling your SIG SAUER P320.
- Carefully remove the existing grip module.
- Align the WCP320 Grip Module with the firearm frame and press it into place until it clicks securely.
- Reassemble the firearm according to the manufacturer's instructions.

2. Usage:

- Before firing, perform a safety check to ensure the firearm is functioning correctly.
- Practice proper shooting stance and grip when using the firearm.
- Regularly clean and maintain the grip module as part of your firearm maintenance routine.

Disposal Instructions

- Dispose of the WCP320 Grip Module in accordance with local regulations.
- Do not dispose of the grip module in regular household waste if it is damaged or has reached the end of its life cycle.
- Check with local authorities for proper disposal methods for polymer products.

Contact Information for Further Support

For safety inquiries or further information regarding the WCP320 Grip Module, please refer to the manufacturer's website or customer support channels. Always ensure that you are using genuine Wilson Combat products to maintain safety and performance standards.

Conclusion

The WCP320 Grip Module is designed to enhance your shooting experience while promoting safety. By following the guidelines outlined in this manual, you can ensure a safe and enjoyable experience with your firearm. Remember to stay informed about safety practices and regulations regarding firearm usage.
