

# TE-Titan Compensator for AR-15 - Black - Titanium - 1/2-28 - 22 Caliber (.223) - Standard - 23mm

[Rifle Parts](#) > [IPSC Rifle Parts](#)

The compensator is designed for IPSC, together with one of the best shooters in the Nordic region (Kenneth Salen). The compensator is 3D printed, this will provide control of the gases, which has not previously been possible with traditional production.

The compensator consists of titanium grade 5, which makes the compensator light and strong. There are two holes in the front chamber, dimensioned for the AR 15 platform. The holes can be drilled to remove all muzzle movement. The compensator can be adjusted precisely to your weapon, ammunition and use.

-The TE-Titan compensator gives you full control of the recoil.

## Attributes

- Name: [TE-Titan Compensator for AR-15 - Black - Titanium - 1/2-28 - 22 Caliber \(.223\) - Standard - 23mm](#)

# TETitan Compensator for AR15 Safety Instruction Guide

## Introduction

Thank you for choosing the TETitan Compensator for AR15. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of your compensator, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the compensator is compatible with your specific firearm model.
- Store the compensator in a secure location away from children and unauthorized users.
- Regularly inspect the compensator for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use and modification of firearms.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the compensator.
- Use appropriate hearing protection when firing the weapon equipped with the compensator, as it may increase noise levels.
- Be aware of the increased muzzle control provided by the compensator, which can affect shooting dynamics.
- Do not attempt to modify the compensator beyond its intended design.
- If you experience any malfunctions or unusual behavior during use, cease operation immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is completely unloaded.
- Use a wrench to remove the existing muzzle device from the firearm.
- Clean the muzzle threads of any debris or residue.
- Align the TETitan Compensator with the muzzle threads and handtighten it onto the firearm.
- Use a torque wrench to tighten the compensator to the manufacturer's recommended specifications, ensuring not to overtighten.

### 2. Usage:

- Load the firearm according to the manufacturer's instructions.
- Maintain a proper shooting stance and grip to maximize the benefits of the compensator.
- Regularly practice with the compensator to become accustomed to its effects on recoil and muzzle rise.
- Monitor your ammunition type and firearm settings to ensure optimal performance with the compensator.

## Disposal Instructions

- Dispose of the compensator in accordance with local regulations regarding metal waste.
- If the compensator is damaged or no longer usable, do not attempt to repair it. Instead, follow proper disposal methods.

- Contact local waste management authorities for guidance on environmentally safe disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the TETitan Compensator, please reach out to your point of purchase or consult a qualified firearms expert.

By following these safety instructions, you can ensure a safe and enjoyable experience with your TETitan Compensator for AR15. Thank you for prioritizing safety and compliance.
