

TE-Titan Compensator for AR-15 - Black - Titanium - 1/2-28 - 22 Caliber (.223) - Open - 23mm

[Rifle Parts](#) > [IPSC Rifle Parts](#)

The compensator is designed for IPSC, together with one of the best shooters in the Nordic region (Kenneth Salen). The compensator is 3D printed, this will provide control of the gases, which has not previously been possible with traditional production.

The compensator consists of titanium grade 5, which makes the compensator light and strong. There are two holes in the front chamber, dimensioned for the AR 15 platform. The holes can be drilled to remove all mozzle movment. The compensator can be adjusted precisely to your weapon, ammunition and use.

-The TE-Titan compensator gives you full control of the recoil.

TETitan Compensator for AR15 Safety Instruction Guide

Introduction

Thank you for choosing the TETitan Compensator for AR15. This manual provides important safety information and guidelines to ensure safe usage and compliance with EU safety regulations. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Always ensure that the compensator is installed correctly before using your firearm.
- Use the compensator only with firearms that are compatible with the AR15 platform.
- Regularly inspect the compensator for any signs of wear or damage.
- Store the compensator in a safe and dry place when not in use.
- Keep the compensator out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the compensator.
- Always wear appropriate protective gear, including eye and ear protection, when using firearms equipped with the compensator.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not modify the compensator or use it in ways not intended by the manufacturer.
- Follow all local laws and regulations regarding firearm use and modification.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing muzzle device from the firearm.
- Align the compensator's threads with the muzzle threads of the firearm (1/228).
- Handtighten the compensator onto the muzzle until secure. Do not overtighten.
- If necessary, use a wrench to ensure a snug fit without damaging the compensator.

2. Usage:

- After installation, verify that the compensator is secure before firing.
- Adjust the compensator as needed to suit your ammunition and shooting style.
- Monitor the performance of the compensator during use and make adjustments as necessary.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- If the compensator is damaged or no longer usable, do not discard it in regular waste.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support
