

# TE-Titan Compensator for AR-15 - Silver - Titanium - 1/2-28 - 22 Caliber (.223) - Standard - 23mm

[Rifle Parts](#) > [IPSC Rifle Parts](#)

The compensator is designed for IPSC, together with one of the best shooters in the Nordic region (Kenneth Salen). The compensator is 3D printed, this will provide control of the gases, which has not previously been possible with traditional production.

The compensator consists of titanium grade 5, which makes the compensator light and strong. There are two holes in the front chamber, dimensioned for the AR 15 platform. The holes can be drilled to remove all muzzle movement. The compensator can be adjusted precisely to your weapon, ammunition and use.

-The TE-Titan compensator gives you full control of the recoil.

## Attributes

- Name: [TE-Titan Compensator for AR-15 - Silver - Titanium - 1/2-28 - 22 Caliber \(.223\) - Standard - 23mm](#)
- Manufacturer: [Tronrud Engineering](#)

# TETitan Compensator for AR15 Safety Instruction Guide

## Introduction

Thank you for choosing the TETitan Compensator for AR15. This guide provides essential safety instructions, usage guidelines, and important information to ensure safe handling and operation of your compensator. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure the compensator is installed by a qualified gunsmith or experienced individual.
- Always wear appropriate eye and ear protection when using firearms equipped with the compensator.
- Keep the compensator and all firearms out of reach of children and unauthorized users.
- Regularly inspect the compensator for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- The compensator is designed specifically for the AR15 platform; do not use it on other firearms.
- Ensure that the compensator is securely attached before firing.
- Do not attempt to modify the compensator or alter its design in any way.
- Be aware of the potential for increased noise and muzzle flash when using the compensator.
- Use only ammunition that is compatible with the .223 caliber specification.
- Monitor the compensator during use for any signs of overheating or failure.

## Instructions for Installation and Usage

### Installation

1. Ensure the firearm is unloaded and the chamber is clear before beginning installation.
2. Remove any existing muzzle device from the firearm.
3. Clean the muzzle threads of the barrel to ensure proper fit.
4. Align the compensator with the muzzle threads and handtighten it until secure.
5. Use a wrench to tighten the compensator further if necessary, but do not overtighten.
6. Check that the compensator is securely attached and properly aligned.

### Usage

- Always follow safe firearm handling practices.
- When firing, maintain a firm grip on the firearm to manage recoil effectively.
- Adjust the compensator as needed based on your specific ammunition and shooting style.
- After use, allow the compensator to cool before handling to prevent burns.

## Disposal Instructions

- Dispose of the compensator in accordance with local regulations regarding metal recycling and hazardous materials.
- Do not dispose of the compensator in household waste.
- If the compensator is damaged beyond repair, contact local recycling facilities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TETitan Compensator, please reach out to the manufacturer or a qualified firearms expert for assistance.

By adhering to these safety guidelines and instructions, you can ensure safe and effective use of the TETitan Compensator for AR15. Always prioritize safety and responsibility when handling firearms and accessories.
