

# AR-15 Mag coupler 2pk

[Magazines](#) > [Rifle Magazines](#) > [Magazine Couplers & Holders](#)

The Caldwell® Mag Couplers are made out of high strength polymer to easily couple 2 Mil-Spec Style 10 round AR-15 magazines together and not add weight. The coupling of magazines brings your capacity up to 20 rounds for faster reloads when seconds matter. The coupler is a 2 piece design that is bolted together to be extremely rigid without permanently modifying your magazines. The couplers hold the 2 magazines end to end to maintain the overall shape of a 30 round magazine to fit in all of your existing gun cases, mag pouches, etc.

# Caldwell AR15 Mag Coupler Safety Instructions

## Introduction

Thank you for choosing the Caldwell AR15 Mag Coupler 2pk. This product is designed to enhance your shooting experience by allowing you to couple two MilSpec Style 10 round AR15 magazines together. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle firearms and ammunition responsibly.
- Ensure that the firearm is unloaded before attaching or detaching the mag coupler.
- Store the mag coupler and magazines in a secure location, away from children and unauthorized users.
- Regularly inspect the mag coupler for any signs of wear or damage before use.
- Do not use the mag coupler with magazines that are not compatible or are damaged.
- Follow all local laws and regulations regarding the use and storage of firearms and magazines.

## Specific Safety Precautions for Use

- Ensure that you are in a safe environment when coupling or uncoupling magazines.
- Do not attempt to modify the mag coupler or magazines in any way.
- Avoid using the mag coupler in extreme temperatures or conditions that may affect its integrity.
- Be aware of your surroundings and ensure that no one is in the line of fire when using the coupled magazines.
- Keep fingers away from the trigger until ready to shoot.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that both magazines are unloaded.
- Inspect both magazines and the mag coupler for any damage.

### 2. Coupling the Magazines

- Align the two magazines end to end.
- Insert the mag coupler between the two magazines.
- Use the provided bolts to securely fasten the magazines to the coupler.
- Ensure that the coupler is tightly secured and that the magazines are aligned properly.

### 3. Using the Coupled Magazines

- Load the coupled magazines with ammunition as per standard loading procedures.
- Insert the coupled magazines into the firearm as you would with a single magazine.
- When finished shooting, remove the coupled magazines from the firearm and store them safely.

### 4. Uncoupling the Magazines

- Ensure that the firearm is unloaded before uncoupling the magazines.
- Unscrew the bolts to separate the magazines from the coupler.
- Store the magazines and coupler separately in a secure location.

## Disposal Instructions

- Dispose of the mag coupler and magazines in accordance with local regulations.
- If the mag coupler is damaged or no longer functional, do not attempt to repair it. Dispose of it responsibly.

## Contact Information for Further Support

For any inquiries regarding the safety and usage of the Caldwell AR15 Mag Coupler, please refer to the manufacturer's official website or customer service for assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Caldwell AR15 Mag Coupler. Remember to always prioritize safety when handling firearms and associated equipment. Thank you for your attention to these important guidelines.
