Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

The 3005 series is optimized for the transportation by airplane.

Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

Safety Instruction Guide for RED 7814 EXPLORER CASES

Introduction

Thank you for choosing the RED 7814 EXPLORER CASES. This product is designed to provide the best protection for your valuable equipment. To ensure your safety and the longevity of the product, please read this safety instruction guide carefully. It contains essential information regarding safe usage, installation, and disposal of the case, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always inspect the case for any visible damage before use. Do not use if damaged.
- Keep the case out of reach of children and vulnerable individuals to prevent accidents.
- Only use the case for its intended purpose as specified in the product description.
- Ensure that all locking mechanisms are securely fastened before transporting the case.
- Avoid exposing the case to extreme temperatures or harsh environmental conditions.
- Regularly check the Oring gasket for wear and tear to maintain water resistance.

Specific Safety Precautions for Use

- **Handling:**
 - Always carry the case using the large front handle or the optional shoulder straps.
 - Do not exceed the maximum weight limit of 6.40 kg when the case is loaded.
- **Transportation:**
 - When transporting by airplane, ensure that the case is securely closed and locked.
 - Avoid placing heavy objects on top of the case during transport.
- **Water Resistance:**
 - While the case is waterresistant, it is not waterproof. Avoid submerging the case in water.
- **Storage:**
 - Store the case in a cool, dry place when not in use to prevent deterioration of materials.
 - Ensure that the internal cutouts and brackets are used as intended to avoid damage to the case and contents.

Instructions for Installation and Usage

1. Setting Up the Case:

- Open the case using the locking latches and ensure the lid stays open securely.
- Place your equipment inside the case, utilizing the internal cutouts and brackets for optimal organization.
- Ensure that the equipment is snugly fitted and does not move around inside the case.

2. Closing the Case:

- Once your equipment is securely in place, close the lid gently.
- Check that the Oring gasket is properly seated to maintain water resistance.
- Engage all locking latches to secure the case.

3. Transporting the Case:

- Use the front handle or attach the shoulder straps for easier carrying.
- Ensure that the case is balanced and secure during transport to prevent dropping.

4. Releasing Air Pressure:

- If the case is sealed and you experience difficulty opening it, use the manual air pressure release valve to equalize pressure.

Disposal Instructions

- Dispose of the case according to local regulations for plastic materials.
- If the case is no longer usable, consider recycling it to minimize environmental impact.
- Do not incinerate the case, as it may release harmful substances.

Contact Information for Further Support

For any safety inquiries or support regarding the RED 7814 EXPLORER CASES, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.

Conclusion

By following these safety instructions, you will ensure the safe and effective use of your RED 7814 EXPLORER CASES. For any further questions or concerns, please consult the manufacturer's resources or local authorities. Your safety and satisfaction are our top priorities. Thank you for your attention to these guidelines.
