

# Bench-Rest Neck Die 7/8 - Bench-Rest Neck Die 8x75 RS

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Bench-Rest (BR)-Neck-Die guides the cartridge case over the full length before the cartridge case will be formed with an interchangeable precision ground bushing.

The guide sleeve has the internal contour of the cartridge chamber to cover the cartridge case.

The guide sleeve and the body of this reloading-die are perfectly matched to ensure exact axial alignment of the cartridge during the sizing process.

Of course, the BR-Neck-sizer has an optional expander and the exchangeable primer ejector pin.

This die is the perfect choice for those, who want to leave nothing to chance when reloading.

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRest Neck Die 7/8 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRest Neck Die 8x75 RS. This product is designed to provide precision and reliability in your reloading process. To ensure safe and effective use, please read this safety instruction guide carefully. It includes important information about product safety, usage precautions, and disposal instructions.

## General Safety Guidelines

- **Product Safety:**
  - This product is intended for use by adults familiar with reloading processes.
  - Ensure safe handling and use of the die to avoid personal injury or damage to equipment.
- **Enhanced Recalls:**
  - Stay informed about any recalls associated with this product. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:**
  - If purchased online, ensure that the retailer complies with safety requirements.
- **Special Consumer Focus:**
  - Keep this product out of reach of children and vulnerable individuals.
- **EU Contact Point:**
  - For any safety inquiries, refer to the manufacturer's contact information provided in the product manual.
- **Rapid Alerts:**
  - Regularly check the EU's Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when operating the die.
- Ensure the workspace is clean and free from obstructions before starting the reloading process.
- Inspect the die for any signs of damage or wear before each use. Do not use if damaged.
- Follow the manufacturer's guidelines for the correct setup and usage of the die.
- Do not exceed the recommended load specifications for the cartridge cases you are reloading.
- Keep hands and fingers clear of moving parts during operation.
- Use caution when handling primers and powders, as they can be hazardous.
- If you experience any issues during the reloading process, cease operation immediately and consult the manual or a qualified technician.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.

- Thread the BenchRest Neck Die into the press using the 7/8 thread. Ensure it is tightened properly but do not overtighten.
- Insert the interchangeable precision ground bushing into the die, ensuring it is seated correctly.

## 2. Usage:

- Prepare the cartridge case by cleaning and inspecting it for defects.
- Place the cartridge case into the guide sleeve of the die.
- Operate the press handle smoothly to size the cartridge case. Ensure that the die maintains axial alignment throughout the process.
- If using the optional expander, install it according to the manufacturer's instructions.
- After sizing, remove the cartridge case and inspect it for proper dimensions.
- If using the primer ejector pin, follow the instructions provided to safely eject the spent primer.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of the die or its components in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that any primers, powders, or other hazardous materials are disposed of safely and in compliance with local laws.

## Contact Information for Further Support

For further assistance, please refer to the contact information provided in the product manual. It is essential to reach out for any safety inquiries or support related to the BenchRest Neck Die.

By following these guidelines, you can ensure a safe and effective reloading experience with the BenchRest Neck Die 8x75 RS. Thank you for prioritizing safety in your reloading practices.
