

Exo Mag - 20 Rounds (Ejectorless Version)

[Magazines](#) > [Rifle Magazines](#)

The MEAN ExoMag is designed to be the most reliable and best feeding 9mm magazine for use with a standard AR lower. The ExoMag has a STANAG magazine outer shape. Add the 9mm upper of your choosing to function with a Glock or Colt variant 9mm BCG. We offer both a version with an EJECTOR (for standard blowback bolts) and an EJECTORLESS version (for our Bearing Delay and CMMG Radial Delay systems). All ExoMag models include the last round bolt-hold open feature, as any AR-15 should.

International Sales: YES. MEAN sells direct to US customers only. For International customers, please check with Brownells to see if they carry our products in your country. For over 75 years, Brownells has been providing quality Gunsmithing tools, gun parts, and service to the firearms industry.

Bearing Delay Upper owners: Customers with the Bearing Delay system should select the "Ejectorless" option in the "ExoMag Package Selection" option above.

CMMG Radial Delay owners: If you have a CMMG Radial Delay firearm, select the "Ejectorless" option in the "ExoMag Package Selection" option above.

ExoMag features:

Facilitates quick and easy caliber change from .223/5.56 to 9mm

Functions as a magazine!

No magwell adapter needed!

Keep your standard 5.56 Multi Caliber lower receiver!

Comes fully assembled.

No tools required.

Build and maintain your muscle-memory for reloads and other training from your 5.56 firearms! Same STANAG magazine, same draw, same feel.

No learning curve when reloading because it is the same magazine you already use!

Use most of your STANAG mag accessories: i.e. mag pouches, storage racks, decals, caliber indicators, etc.

Not a picky eater. Shoots all 9mm ammo - hollow points included.

It is exclusively the customer's responsibility to be aware of all applicable laws and regulations regarding the purchase and ownership of magazines and the capacities thereof. Customers residing in states with intrusive laws who purchase standard capacity magazines may have their order canceled without warning.

Key Functions

No modifications to your 5.56x45 lower receiver! Changing calibers is now simply a complete 9mm upper for your AR platform. No nuts, no bolts, no drilling, no bull.

Last round bolt-hold open feature, just as an AR-15 should function.

Built-in ejector designed to perform under intense conditions.

Specially formulated polymer.

Magazine is 5.60" tall.

Exo Mag 20 Rounds (Ejectorless Version) Safety Instruction Guide

Introduction

Thank you for choosing the MEAN ExoMag 20 Rounds (Ejectorless Version). This guide is designed to provide essential safety instructions and guidelines for the proper use and maintenance of your ExoMag. Your safety and the safety of others is our top priority. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding the purchase and ownership of magazines in your jurisdiction.
- Always handle firearms and magazines with care, treating them as if they are loaded.
- Keep the ExoMag and all related accessories out of reach of children and unauthorized users.
- Regularly inspect your ExoMag for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about recalls or safety notices through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the ExoMag with compatible 9mm upper receivers designed for AR platforms.
- Ensure that your firearm is unloaded before installing or removing the ExoMag.
- Do not attempt to modify the ExoMag in any way. Modifications can cause malfunctions and may lead to serious injury.
- Always use appropriate 9mm ammunition. The ExoMag is designed to function with all types of 9mm ammo, including hollow points.
- When loading the magazine, follow the manufacturer's instructions to avoid jamming or misfeeding.
- Be aware of your surroundings when using the ExoMag to ensure the safety of yourself and others.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded.
- Align the ExoMag with the magazine well of your firearm.
- Push the magazine firmly into the magazine well until it clicks into place.
- Verify that the magazine is securely attached.

2. Loading the ExoMag:

- Hold the ExoMag vertically with the feed lips facing up.
- Insert 9mm cartridges into the magazine, starting from the bottom and working your way up.
- Ensure that each round is seated properly and that the magazine is filled to the desired capacity.

3. Using the ExoMag:

- Load your firearm with the ExoMag installed.
- When ready to fire, ensure that the firearm is pointed in a safe direction.
- Engage the safety mechanism of your firearm until you are ready to shoot.
- After firing the last round, the last round bolthold open feature will activate, allowing you to easily reload.

4. Removing the ExoMag:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Press the magazine release button on your firearm.
- Pull the ExoMag out of the magazine well carefully.

Disposal Instructions

- Dispose of the ExoMag responsibly according to local regulations.
- Do not throw away the ExoMag in regular household waste.
- If the magazine is damaged beyond repair, consider recycling the materials where applicable.

Contact Information for Further Support

For any inquiries or additional support regarding the ExoMag, please refer to the manufacturer's website or customer service resources. Ensure you have the product details at hand for efficient assistance.

By following these safety instructions, you can ensure a safer experience while using the MEAN ExoMag. Thank you for prioritizing safety and for being a responsible firearm owner.
