

Exo Mag -32 Rounds (Ejectorless Version)

[Magazines](#) > [Rifle Magazines](#)

The MEAN ExoMag is designed to be the most reliable and best feeding 9mm magazine for use with a standard AR lower. The ExoMag has a STANAG magazine outer shape. Add the 9mm upper of your choosing to function with a Glock or Colt variant 9mm BCG. We offer both a version with an EJECTOR (for standard blowback bolts) and an EJECTORLESS version (for our Bearing Delay and CMMG Radial Delay systems). All ExoMag models include the last round bolt-hold open feature, as any AR-15 should.

International Sales: YES. MEAN sells direct to US customers only. For International customers, please check with Brownells to see if they carry our products in your country. For over 75 years, Brownells has been providing quality Gunsmithing tools, gun parts, and service to the firearms industry.

Bearing Delay Upper owners: Customers with the Bearing Delay system should select the "Ejectorless" option in the "ExoMag Package Selection" option above.

CMMG Radial Delay owners: If you have a CMMG Radial Delay firearm, select the "Ejectorless" option in the "ExoMag Package Selection" option above.

ExoMag features:

Facilitates quick and easy caliber change from .223/5.56 to 9mm

Functions as a magazine!

No magwell adapter needed!

Keep your standard 5.56 Multi Caliber lower receiver!

Comes fully assembled.

No tools required.

Build and maintain your muscle-memory for reloads and other training from your 5.56 firearms! Same STANAG magazine, same draw, same feel.

No learning curve when reloading because it is the same magazine you already use!

Use most of your STANAG mag accessories: i.e. mag pouches, storage racks, decals, caliber indicators, etc.

Not a picky eater. Shoots all 9mm ammo - hollow points included.

It is exclusively the customer's responsibility to be aware of all applicable laws and regulations regarding the purchase and ownership of magazines and the capacities thereof. Customers residing in states with intrusive laws who purchase standard capacity magazines may have their order canceled without warning.

Key Functions

No modifications to your 5.56x45 lower receiver! Changing calibers is now simply a complete 9mm upper for your AR platform. No nuts, no bolts, no drilling, no bull.

Last round bolt-hold open feature, just as an AR-15 should function.

Built-in ejector designed to perform under intense conditions.

Specially formulated polymer.

Magazine is 5.60" tall.

Exo Mag 32 Rounds (Ejectorless Version) Safety Instruction Guide

Introduction

Thank you for choosing the MEAN Exo Mag 32 Rounds (Ejectorless Version). This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your magazine. Please read this document carefully to understand the proper usage, maintenance, and safety practices associated with this product.

General Safety Guidelines

- Ensure you are familiar with local laws and regulations regarding magazine ownership and usage.
- Always treat every firearm as if it is loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Inspect the magazine for any damage before use. Do not use if damaged.
- Use only compatible firearms and ammunition as specified by the manufacturer.
- Follow all safety instructions provided by your firearm's manufacturer.
- In case of any malfunction or unsafe condition, stop using the magazine immediately and seek assistance.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Do not exceed the magazine's capacity.
- Avoid using the magazine in extreme weather conditions that may affect performance.
- Ensure that the magazine is securely seated in the firearm before attempting to fire.
- Never attempt to modify or disassemble the magazine.
- Be aware of your surroundings and ensure a safe shooting area.
- Do not use ammunition that is not recommended for your specific firearm model.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Insert the Exo Mag into the magazine well of your AR lower receiver until it clicks into place.
- Verify that the magazine is secure and properly seated.

2. Usage:

- Load the magazine with compatible 9mm ammunition, ensuring it does not exceed the maximum capacity.
- Insert the 9mm upper of your choice to function with a Glock or Colt variant 9mm BCG.
- Ensure the last round bolthold open feature is functioning correctly.
- When finished using the magazine, remove it safely from the firearm.

3. Maintenance:

- Regularly inspect the magazine for wear and tear.
- Clean the magazine as needed, following the cleaning instructions provided by the manufacturer.
- Store the magazine in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the magazine responsibly and in accordance with local regulations.
- If the magazine is damaged beyond repair, contact local waste management services for proper disposal methods.
- Do not throw the magazine in regular household waste.

Contact Information for Further Support

For any inquiries or assistance regarding the Exo Mag 32 Rounds (Ejectorless Version), please refer to the manufacturer's website or customer support resources. Ensure you have the product details and any relevant information ready for a smooth support experience.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MEAN Exo Mag 32 Rounds (Ejectorless Version). Always prioritize safety and responsible usage.
