

# Exo Mag - 40 Rounds (Ejectorless Version)

[Magazines](#) > [Rifle Magazines](#)

The MEAN ExoMag is designed to be the most reliable and best feeding 9mm magazine for use with a standard AR lower. The ExoMag has a STANAG magazine outer shape. Add the 9mm upper of your choosing to function with a Glock or Colt variant 9mm BCG. We offer both a version with an EJECTOR (for standard blowback bolts) and an EJECTORLESS version (for our Bearing Delay and CMMG Radial Delay systems). All ExoMag models include the last round bolt-hold open feature, as any AR-15 should.

**International Sales:** YES. MEAN sells direct to US customers only. For International customers, please check with Brownells to see if they carry our products in your country. For over 75 years, Brownells has been providing quality Gunsmithing tools, gun parts, and service to the firearms industry.

**Bearing Delay Upper owners:** Customers with the Bearing Delay system should select the "Ejectorless" option in the "ExoMag Package Selection" option above.

**CMMG Radial Delay owners:** If you have a CMMG Radial Delay firearm, select the "Ejectorless" option in the "ExoMag Package Selection" option above.

**ExoMag features:**

Facilitates quick and easy caliber change from .223/5.56 to 9mm  
Functions as a magazine!

No magwell adapter needed!

Keep your standard 5.56 Multi Caliber lower receiver!

Comes fully assembled.

No tools required.

Build and maintain your muscle-memory for reloads and other training from your 5.56 firearms! Same STANAG magazine, same draw, same feel.

No learning curve when reloading because it is the same magazine you already use!

Use most of your STANAG mag accessories: i.e. mag pouches, storage racks, decals, caliber indicators, etc.

Not a picky eater. Shoots all 9mm ammo - hollow points included.

It is exclusively the customer's responsibility to be aware of all applicable laws and regulations regarding the purchase and ownership of magazines and the capacities thereof. Customers residing in states with intrusive laws who purchase standard capacity magazines may have their order canceled without warning.

**Key Functions**

- No modifications to your 5.56x45 lower receiver! Changing calibers is now simply a complete 9mm upper for your AR platform. No nuts, no bolts, no drilling, no bull.
- Last round bolt-hold open feature, just as an AR-15 should function.
- Built-in ejector designed to perform under intense conditions.
- Specially formulated polymer.
- Magazine is 5.60" tall.

# Exo Mag 40 Rounds (Ejectorless Version) Safety Instruction Guide

## Introduction

Thank you for choosing the MEAN Exo Mag 40 Rounds (Ejectorless Version). This guide provides essential safety information to ensure the safe use of your magazine. Please read this manual carefully before using the product.

## General Safety Guidelines

- Ensure safe handling and storage of all firearms and magazines.
- Always treat every firearm as if it is loaded.
- Familiarize yourself with local laws regarding magazine capacities and usage.
- Keep the magazine out of reach of children and unauthorized users.
- Regularly inspect the magazine for any signs of damage or wear.
- Use only compatible 9mm upper receivers and BCGs with the Exo Mag.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling firearms.
- Do not attempt to modify the magazine or firearm in any way.
- Use only highquality 9mm ammunition. Avoid using reloaded or damaged ammunition.
- Ensure the magazine is fully seated in the firearm before firing.
- Be aware of your surroundings and ensure a safe backstop when firing.
- Do not exceed the magazine's capacity. Overloading can lead to malfunctions.
- Use the last round bolthold open feature responsibly to avoid misfires.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded before proceeding.
- Insert the Exo Mag into the magazine well of your AR lower receiver.
- Ensure that the magazine clicks into place securely; it should not wobble or move.
- Confirm that the magazine is compatible with your 9mm upper receiver and BCG.

### 2. Usage:

- Load the magazine with 9mm ammunition, ensuring proper alignment.
- Insert the loaded magazine into the firearm.
- Check that the magazine is seated correctly and that the last round bolthold open feature is functional.
- Fire the firearm according to standard safety practices.

## Disposal Instructions

- Dispose of the Exo Mag responsibly at a designated recycling or hazardous waste facility.
- Follow local regulations for the disposal of firearm accessories.
- Do not dispose of the magazine in regular household waste.

## Contact Information for Further Support

For any inquiries regarding safety, product performance, or other concerns, please reach out to your local authorized dealer or manufacturer. Always refer to the latest information available on the EU's Safety Gate platform for updates on product safety and recalls.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we appreciate your commitment to responsible firearm use.
