

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen 2 - Remington 700 - SA - RH - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Remington 700 rifle. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read and understand all instructions thoroughly before use.

General Safety Guidelines

- Ensure the product is used in accordance with all local laws and regulations.
- Always treat your firearm as if it is loaded.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before each use.
- Use only compatible components as specified by the manufacturer.
- Be aware of your surroundings when handling your firearm to avoid accidents.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection while shooting.
- Ensure that the area is clear of people and animals before firing.
- Do not modify the chassis or firearm in ways not recommended by the manufacturer.
- Be cautious when handling ammunition and ensure it is stored safely.
- If you experience any malfunction, cease use immediately and seek professional assistance.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure you have all necessary tools ready, including the screws provided with the chassis.
2. **Remove Action:** Carefully remove the action from your Remington 700 rifle according to the manufacturer's instructions.
3. **Insert Action:** Place the action into the MDT chassis, ensuring it fits snugly into the VBlock bedding.
4. **Secure Action:** Tighten the two screws provided to secure the action in place. Ensure they are tightened to the manufacturer's specifications to avoid any movement.
5. **Check Compatibility:** Verify that the ARCA rail is compatible with your bipod or tripod before use.

Usage

- Ensure the chassis is securely attached to the action before use.
- Adjust the bipod or tripod as needed to achieve a stable shooting position.
- Regularly check the tightness of screws and fittings during use to ensure safety and stability.

Disposal Instructions

- Dispose of the chassis in accordance with local regulations regarding electronic and mechanical waste.
- If the product is damaged or no longer in use, ensure it is stored safely until proper disposal can be arranged.

Contact Information for Further Support

For any inquiries regarding the safety of your product, please refer to the manufacturer's contact information

provided with your product packaging or visit the manufacturer's website for assistance.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure a safe and enjoyable experience with your ACC Premier Gen 2 MDT Chassis. Always stay informed about safety practices and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important safety instructions.
