

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen 2 - Remington 700 - SA - RH - CCG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Remington 700. This guide provides essential safety information to ensure the safe use, installation, and disposal of the product. Please read this guide carefully before use to maximize your safety and enjoyment.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and the chassis before use.
- Always follow the manufacturer's instructions for your firearm and the chassis.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Inspect the chassis before each use for any signs of damage or wear.
- Use the chassis only with compatible firearms as specified by the manufacturer.
- Avoid using the chassis in extreme weather conditions that may affect performance.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always handle firearms with care and treat every firearm as if it is loaded.
- Ensure that the area around you is clear of obstacles and people before shooting.
- Use appropriate eye and ear protection while shooting.
- Avoid placing your fingers on the trigger until you are ready to shoot.
- Do not modify the chassis or firearm in any way that could compromise safety.
- Be aware of your surroundings and ensure that you have a safe backstop when shooting.
- If you experience any malfunctions or issues with the chassis or firearm, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation

- Begin by ensuring that your firearm is unloaded and pointed in a safe direction.
- Remove any existing stock from your Remington 700.
- Place the action of your firearm into the machined Vblock of the chassis.
- Tighten the two screws provided with the chassis to secure the action in place.
- Ensure that the action is seated properly and that there is no movement.

2. Usage

- Attach any bipods or tripods to the integrated ARCA rail as needed.
- Adjust the chassis to your desired shooting position.
- Ensure that all components are securely fastened before use.
- Regularly check the screws and fittings for tightness during use.

Disposal Instructions

- Dispose of the chassis in accordance with local regulations regarding electronic and mechanical waste.
- If the chassis is damaged or no longer usable, consider recycling components where possible.
- Do not dispose of the chassis in regular household waste.

Contact Information for Further Support

For further support or inquiries regarding safety, please refer to the manufacturer's official contact points or website. Always ensure that you are using the product in compliance with local laws and regulations.

Please remember that safety is paramount when handling firearms and associated equipment. Adhering to these guidelines will help ensure a safe and enjoyable experience with your ACC Premier Gen 2 MDT Chassis.
