

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen 2 - Tikka - SA - RH - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the chassis is used only with compatible firearms as specified by the manufacturer.
- Always handle firearms and accessories with care and follow standard safety procedures.
- Keep the chassis and all related components out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage to the chassis and its components.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the chassis.
- Do not exceed the recommended barrel length of 17 inches for optimal performance and safety.
- Ensure that the action is securely fitted in the chassis before use to prevent any movement during shooting.
- Use only the recommended weight kits from MDT to adjust the balance of your rifle safely.
- Avoid using the chassis in wet or slippery conditions to prevent accidents.
- Always wear appropriate eye and ear protection while shooting.

Instructions for Installation and Usage

1. Installation:

- Unload your firearm completely.
- Remove the existing stock from your Tikka rifle.
- Place the action of your rifle into the VBlock bedding of the chassis.
- Align the action properly to ensure full contact with the Vblock.
- Tighten the two screws provided to secure the action in place. Ensure they are snug but do not overtighten.
- If using weight kits, follow the manufacturer's instructions to attach them securely.

2. Usage:

- After installation, check that the action is firmly secured.
- Adjust the chassis to your preferred shooting position using the integrated ARCA rail for bipod or tripod attachment.
- Test the stability of the chassis by performing a few dryfire exercises before live shooting.
- Always follow safe shooting practices, ensuring that the shooting area is clear of people and obstacles.

Disposal Instructions

- Dispose of the chassis and any associated materials in accordance with local regulations.
- Do not dispose of the chassis in household waste. Check for recycling options or designated collection

points for firearms accessories.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact points provided with your product packaging.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the ACC Premier Gen 2 MDT Chassis safely and responsibly.
