

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen 2 - Tikka - SA - RH - CCG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for the ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Tikka rifle. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read all sections carefully before installation and use.

General Safety Guidelines

- Ensure the product is suitable for your rifle model and specifications.
- Always handle firearms and related equipment with care.
- Keep the chassis and all its components out of the reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and modifications.

Specific Safety Precautions for Use

- **Proper Handling:** Always treat your rifle as if it is loaded. Keep the muzzle pointed in a safe direction at all times.
- **Secure Installation:** Ensure the action is properly secured in the chassis before use to prevent movement during shooting.
- **Use of Bipods and Tripods:** When using the integrated ARCA rail for bipods or tripods, ensure they are securely attached to prevent accidents.
- **Avoid OverTightening:** When installing the action, do not overtighten screws, as this can lead to damage.
- **Check Compatibility:** Only use accessories that are compatible with the MDT chassis to ensure safety and performance.
- **Regular Maintenance:** Clean and maintain the chassis regularly to ensure optimal performance and safety.

Instructions for Installation and Usage

1. Installation:

- Remove the existing stock from your Tikka rifle.
- Place the action into the MDT ACC Premier Gen 2 chassis.
- Align the action with the precision VBlock bedding.
- Secure the action by tightening the two screws provided. Ensure they are snug but do not overtighten.

2. Usage:

- Once installed, check the stability of the rifle in the chassis.
- Attach any bipods or tripods to the ARCA rail as needed.
- Adjust your shooting position to ensure comfort and stability.
- Always perform a function check before heading to the range.

Disposal Instructions

- Dispose of the chassis and any components in accordance with local regulations.
- Do not dispose of the chassis in regular household waste if it is damaged or no longer usable.

- Check for recycling options for metal and plastic components.

Contact Information for Further Support

For any safety inquiries or further support, please contact the manufacturer or refer to the product's official website. Ensure that you have the product details ready when seeking assistance.

By following these guidelines, you can ensure the safe and effective use of your ACC Premier Gen 2 MDT Chassis. Stay informed about safety recalls and updates through the EU's Safety Gate platform, and report any unsafe products or incidents to the relevant authorities. Thank you for your attention to safety.
