

# ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Remington 700 - SA - LH - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

# Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

## Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Remington 700 rifle. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always adhere to local laws and regulations regarding firearm modifications and usage.
- Keep the chassis and all associated components out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear, damage, or defects before each use.
- Do not attempt to modify the chassis or its components beyond the manufacturer's specifications.

## Specific Safety Precautions for Use

- Always handle firearms with care and treat them as if they are loaded.
- Use appropriate eye and ear protection while shooting.
- Ensure the rifle is securely mounted in the chassis before use to prevent movement during firing.
- Be aware of your surroundings and ensure a safe shooting environment.
- If using bipods or tripods, ensure they are securely attached to the chassis and stable before taking a shot.
- Avoid using the chassis in adverse weather conditions that may affect performance or safety.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Remove the action from the original stock.
- Place the action into the VBlock bedding of the MDT chassis.
- Tighten the two screws provided to secure the action in place. Ensure they are tightened evenly to avoid any misalignment.
- If using MDT weight kits, follow the manufacturer's instructions for installation to achieve the desired balance.

### 2. Usage

- Before shooting, doublecheck that the action is securely mounted and that all components are functioning correctly.
- When ready to shoot, ensure that you are in a stable shooting position and that the rifle is properly supported.
- After use, clean the chassis and check for any signs of wear or damage.

## Disposal Instructions

- When disposing of the chassis or any components, follow local regulations for the disposal of firearm accessories.
- Do not discard in regular household waste. Instead, contact local authorities or firearm retailers for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the ACC Premier Gen 2 MDT Chassis, please refer to the manufacturer's website or contact their support team directly.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your ACC Premier Gen 2 MDT Chassis. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important safety measures.
