

# ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Remington 700 - SA - LH - CCG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

# Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

## Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Remington 700 rifle. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Always handle firearms responsibly and in accordance with local laws.
- Ensure that the MDT chassis is compatible with your specific rifle model.
- Regularly inspect the chassis for any signs of wear or damage.
- Store the chassis and all firearm components in a secure location, away from children and unauthorized users.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before installation.
- Avoid using the chassis in extreme weather conditions that may affect its performance.
- Do not exceed the recommended weight limits when adding accessories to the chassis.
- Be cautious when adjusting the chassis settings to avoid unintended changes that may affect accuracy.
- Always use appropriate eye and ear protection when shooting.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and free of distractions.
- Gather necessary tools, including a screwdriver for tightening screws.

### 2. Installation:

- Unload your Remington 700 rifle.
- Remove the existing stock from the rifle.
- Align the action of your rifle with the integrated VBlock bedding in the MDT chassis.
- Secure the action by tightening the two screws provided with the chassis. Ensure they are firmly but not overly tightened to avoid damage.

### 3. Usage:

- Attach the desired accessories (e.g., bipods, tripods) to the integrated ARCA rail.
- Adjust the chassis to your preferred shooting position.
- Ensure that the rifle is stable and secure before taking any shots.

### 4. PostUsage:

- After shooting, clean the chassis and rifle as needed.
- Inspect for any signs of wear or damage and address them immediately.

## **Disposal Instructions**

- Dispose of packaging materials in accordance with local recycling regulations.
- If the chassis is no longer usable, follow local guidelines for disposal of firearm accessories.

## **Contact Information for Further Support**

For any questions or concerns regarding the ACC Premier Gen 2 MDT Chassis, please contact the manufacturer or authorized dealer for assistance.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the ACC Premier Gen 2 MDT Chassis!
