

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Ruger 10-22 - RH - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for the ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Ruger 1022 rifle. This guide provides essential safety instructions to ensure the safe and effective use of your new chassis. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that all safety precautions are followed during use.
- Always treat your rifle as if it is loaded.
- Keep the chassis and rifle in a secure location, away from children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage.
- Use only compatible components with your MDT chassis.
- Familiarize yourself with the local laws and regulations regarding firearm use and accessories.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended specifications for your rifle and chassis.
- Avoid using the rifle in wet or humid conditions to prevent corrosion.
- Ensure that the rifle is unloaded before installing or removing the chassis.
- Always use proper protective gear, such as eye and ear protection, when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Prepare Your Workspace:** Ensure you have a clean, flat surface to work on. Gather all necessary tools, including a screwdriver.
2. **Remove the Action:** Unload your rifle and remove the action from the stock according to the manufacturer's instructions.
3. **Install the Chassis:**
 - Place the action into the VBlock bedding of the MDT chassis.
 - Ensure that the action is seated properly and that there is consistent contact with the chassis.
 - Tighten the two screws provided to secure the action in place. Do not overtighten, as this may cause damage.
4. **Attach Accessories:** If desired, attach bipods or tripods to the integrated ARCA rail for stability.

Usage

- Ensure your rifle is always pointed in a safe direction when handling.
- Check the functionality of the chassis before heading to the range.
- Adjust the balance of your rifle with MDT's weight kits if necessary for optimal performance.
- After use, clean and maintain the chassis as per the maintenance guidelines provided by the manufacturer.

Disposal Instructions

- Dispose of the chassis in accordance with local regulations regarding electronic waste and firearm

accessories.

- Do not dispose of the chassis in regular household waste.
- Check with local recycling facilities for proper disposal options.

Contact Information for Further Support

For any safety inquiries or support regarding your ACC Premier Gen 2 MDT Chassis, please reach out to the designated EU contact point provided by the manufacturer.

Conclusion

Your safety is paramount. By following these guidelines and instructions, you can ensure the safe operation of your ACC Premier Gen 2 MDT Chassis. Always stay informed and vigilant while handling firearms and accessories. Thank you for your conscientious approach to firearm safety.
