

# ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Ruger 10-22 - RH - FDE - Volquartsen

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

# Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

## Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Ruger 1022. This guide provides essential safety instructions to ensure your safe use of the product. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before handling the chassis.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Inspect the chassis for any damage before installation and use.
- Do not modify the chassis in any way that could compromise its integrity or safety.
- Always wear appropriate eye and ear protection when using firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

## Specific Safety Precautions for Use

- Use the chassis only with compatible firearms as specified.
- Ensure that the action is properly secured in the chassis to prevent movement during firing.
- Check that all screws are tightened adequately before use to maintain stability.
- Avoid using the chassis in extreme weather conditions that may affect performance.
- Do not exceed the manufacturer's recommended weight limits when using weight kits.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Ruger 1022.
- Place the action into the MDT chassis, ensuring that it fits snugly.
- Tighten the two screws provided to secure the action in place. Ensure that they are tightened firmly but do not overtighten to avoid damage.
- Attach any additional components, such as the ARCA rail, if necessary.

### 2. Usage:

- Once installed, check the stability of the chassis by ensuring there is no movement of the action.
- Use the integrated ARCA rail to attach bipods or tripods for added support.
- Adjust the weight kits as needed to achieve the desired balance for your shooting style.
- Always follow safe shooting practices when using the firearm with the chassis.

## Disposal Instructions

- Dispose of the chassis in accordance with local regulations.
- Do not dispose of the chassis in household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or performance of your ACC Premier Gen 2 MDT Chassis, please reach out to the manufacturer or authorized dealer for assistance. Always ensure you have the latest information regarding safety recalls or updates.

Thank you for your attention to these safety guidelines. Your safety and the safety of others is our priority. Enjoy your shooting experience with the ACC Premier Gen 2 MDT Chassis!
