

# ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Ruger American - SA - RH - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

# Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

## Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Ruger American rifle. This guide provides essential safety information to ensure the safe and effective use of this product. Please read this manual thoroughly before installation and usage.

## General Safety Guidelines

- Ensure that all users are familiar with firearm safety principles.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep the chassis and all related components out of reach of children and unauthorized users.
- Inspect the chassis regularly for any signs of wear or damage.
- Follow all local laws and regulations regarding firearms and accessories.
- Use the chassis only for its intended purpose.

## Specific Safety Precautions for Use

- Always verify that the firearm is unloaded before installing or adjusting the chassis.
- Do not exceed the manufacturer's specifications for the firearm and chassis combination.
- Ensure that all screws are tightened to the recommended torque specifications to prevent loosening during use.
- Avoid using the chassis in conditions that may compromise its structural integrity, such as extreme temperatures or exposure to moisture.
- Be aware of your surroundings and ensure that your shooting area is safe and secure.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded.
- Remove the original stock from the Ruger American rifle.
- Align the action of the rifle with the precision VBlock bedding in the chassis.
- Secure the action by tightening the two screws provided. Ensure they are tightened evenly to avoid any misalignment.
- Attach any accessories, such as bipods or tripods, to the integrated ARCA rail as needed.

### 2. Usage

- Once installed, adjust the chassis to your preferred shooting position.
- Regularly check the tightness of screws and the condition of the chassis before each use.
- Use the chassis in conjunction with MDT's weight kits to optimize balance according to your shooting style.

## Disposal Instructions

- Dispose of the chassis and any components in accordance with local regulations.
- Do not dispose of the chassis in household waste. Instead, take it to a designated recycling center or hazardous waste facility.
- Ensure that all components are rendered safe before disposal.

## **Contact Information for Further Support**

For any safety inquiries or support related to the ACC Premier Gen 2 MDT Chassis, please consult your local retailer or visit the manufacturer's website. It is essential to have access to reliable support for safe usage and maintenance of your product.

## **Conclusion**

Following these safety guidelines and instructions will help ensure a safe and enjoyable experience with your ACC Premier Gen 2 MDT Chassis. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important safety measures.
