

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Ruger American - SA - RH - CCG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Ruger American rifle. This guide provides essential safety instructions and guidelines to ensure safe handling, installation, and usage of your product. Please read this document thoroughly before use.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents and injuries.
- Always treat your firearm as if it is loaded.
- Keep the chassis and firearm out of reach of children and unauthorized users.
- Inspect the chassis and rifle regularly for any signs of wear or damage.
- Use only compatible components and accessories with your MDT chassis.
- Follow all local laws and regulations regarding firearm usage and modifications.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Ensure that the area is clear of bystanders and obstacles before shooting.
- Do not modify the chassis or any of its components beyond the manufacturer's specifications.
- Avoid using the chassis in adverse weather conditions that may affect performance.
- Be aware of your surroundings and ensure a safe backdrop when shooting.
- If you experience any malfunctions or issues with the chassis, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation of the Chassis

- Ensure that you have the necessary tools: a torque wrench and the appropriate screws.
- Remove the action from your Ruger American rifle according to the manufacturer's instructions.
- Align the action with the VBlock bedding in the MDT chassis.
- Secure the action in place by tightening the two screws evenly. Do not overtighten.
- Confirm that the action is firmly seated and that there is no movement.

2. Using the Chassis

- Attach your bipod or tripod to the integrated ARCA rail for stability.
- Adjust the weight kits as needed to achieve optimal balance for your shooting style.
- Test the stability of the chassis before engaging in shooting activities.

3. PostUse Care

- Clean the chassis and firearm after each use to prevent corrosion and wear.
- Store the chassis in a dry, secure location away from moisture and direct sunlight.

Disposal Instructions

- Dispose of the chassis responsibly in accordance with local regulations for electronic waste and firearm components.

- If the chassis is damaged beyond repair, consult local authorities for proper disposal methods.

Contact Information for Further Support

For inquiries regarding safety, usage, or installation, please contact the manufacturer or your local dealer. Ensure you have your product information ready for a more efficient response.

By following these guidelines, you can ensure a safe and enjoyable experience with your ACC Premier Gen 2 MDT Chassis. Thank you for prioritizing safety.
