

ACC Premier Gen 2 - MDT Chassis - ACC Premier Gen2 - Tikka T1X - Rimfire - RH - CCG

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT ACC Premier GEN2 Chassis makes it easy. It features a compact 15" forend—ideal for barrels starting at 17"—with a wide, thick, flat profile designed to eliminate flex and torsion. Whether you're shooting off barricades or PRS props, you get a rock-solid, no-shift platform.

The full-length integrated ARCA rail offers instant compatibility with bipods and tripods, helping you lock in that perfect shooting position.

Inside, precision V-Block bedding secures your action in place. This machined V-shaped block ensures consistent contact between action and chassis, drastically reducing movement under recoil and enhancing repeatable accuracy.

Installation? Dead simple. Just drop in your action and tighten two screws—no gunsmith required. Pair it with MDT's weight kits and tune your rifle's balance to perfection.

Safety Instructions for the ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Tikka T1X rifle. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read the entire manual before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the chassis and all components out of reach of children and vulnerable individuals.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Always follow local laws and regulations related to firearm usage and modifications.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always handle firearms with care and treat every firearm as if it is loaded.
- Use only compatible components when installing or modifying your chassis.
- Ensure that the rifle is unloaded before installation or adjustments.
- Do not exceed the recommended barrel length for optimal performance.
- Avoid using the chassis in extreme weather conditions that may affect its functionality.
- Ensure that the action is securely fastened within the chassis to prevent movement during firing.

Instructions for Installation and Usage

1. Installation:

- Ensure that the rifle is unloaded and in a safe environment.
- Remove the existing stock from your Tikka T1X rifle.
- Place the action into the ACC Premier Gen 2 MDT Chassis.
- Align the action with the precision VBlock bedding.
- Tighten the two screws provided to secure the action in place. Ensure they are snug but do not overtighten.
- If desired, attach MDT's weight kits to adjust the balance of your rifle.

2. Usage:

- Before shooting, ensure that all components are secure and functioning correctly.
- Use the integrated ARCA rail to attach bipods or tripods as needed for stability.
- Practice good shooting habits and maintain proper firearm safety protocols at all times.

Disposal Instructions

- Dispose of the chassis and any associated components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or product information, please contact the manufacturer or your local distributor. Always ensure that you have the latest information and guidance regarding your product.

This safety instruction guide ensures compliance with the EU General Product Safety Regulation (GPSR) and aims to provide you with the necessary information for the safe use of your ACC Premier Gen 2 MDT Chassis. Thank you for choosing our product, and we wish you safe and enjoyable shooting experiences!
