Dial in your perfect grip with the MDT Vertical Grip Elite. Featuring a front-to-back adjustment range of 0.55" and a 10° cant option, this grip lets you fine-tune hand placement for maximum comfort and consistent trigger control. The wide ergonomic profile ensures a repeatable, relaxed shooting position—shot after shot.

Paired with the included Connector Bar, you get increased rigidity and structural integrity between the grip and the MDT SRS-X Elite buttstock. The result? A more stable platform, less flex, and tighter groups under pressure.

# Safety Instruction Guide for Vertical Grip Elite w/ Connector Bar

## Introduction

Thank you for choosing the Vertical Grip Elite w/ Connector Bar from MDT Accessories. This product is designed to enhance your shooting experience by providing a comfortable and adjustable grip. To ensure safe and effective use of this product, please carefully read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always ensure the Vertical Grip Elite is securely attached to your firearm before use.
- Regularly inspect the grip for any signs of wear or damage.
- Use the product only as intended, following all manufacturer guidelines.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Compatibility:**
  - Ensure that the Vertical Grip Elite is compatible with your MDT chassis. It fits all MDT chassis that do not have an integrated grip and is compatible with any chassis accepting AR15 grips. It is NOT compatible with AR10/15 rifles using a detent safety spring.
- **Connector Bar:**
  - The Connector Bar works only with the MDT SRSX Elite Buttstock. It must be used with the grip included; other MDT grips are not compatible.
- **Adjustment:**
  - Use caution when adjusting the grip. Ensure your hands are clear of any moving parts during adjustment to prevent injury.
- **Comfort and Control:**
  - Adjust the grip to find your optimal hand placement for comfort and trigger control. Improper adjustment may lead to loss of control during shooting.
- **Shooting Position:**
  - Maintain a stable shooting position to minimize movement and ensure accuracy. The wide ergonomic profile is designed for a relaxed shooting posture.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove any existing grip if necessary.
- Align the Vertical Grip Elite with the mounting area on your MDT chassis.
- Securely fasten the grip using the provided screws, ensuring it is tightly in place.
- Attach the Connector Bar to the grip and the MDT SRSX Elite Buttstock, ensuring a firm connection.

### 2. Usage:

- Adjust the grip by moving it frontto back within the 0.55" adjustment range.
- Set the cant option to 10° if preferred for your shooting style.
- Regularly check the grip and Connector Bar for tightness and stability before each use.
- Practice shooting in a controlled environment to become accustomed to the grip adjustments.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for materials where possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the appropriate channels for customer support. Ensure that you have your product details on hand for efficient assistance.

By following these guidelines, you can help ensure a safe and enjoyable experience with your Vertical Grip Elite w/ Connector Bar. Thank you for your attention to safety.
