The ACC Premier GEN2 is the next evolution of the industry-defining ACC Premier, integrating advancements inspired by the ACC Elite. With a taller integrated barricade stop, a thicker and more rigid forend, and precision-drilled holes for NV and Control Bridge compatibility, this chassis raises the bar for competitive shooting.

Designed with modern rimfire competitions in mind, the compact 15" forend accommodates a wide range of barrel sizes while eliminating flex and torsion for rock-solid stability on barricades and PRS props. The wide, flat profile and full-length ARCA rail provide unmatched versatility, allowing seamless mounting of bipods and tripods for superior balance and control.

Balancing your rifle is critical for rapid target acquisition and accurate follow-up shots. The ACC Premier GEN2 is fully compatible with MDT's weight system, giving you the flexibility to fine-tune your setup. Combined with highly adjustable ergonomics—cheek weld, hand position, and length of pull—you'll achieve a custom fit that enhances both comfort and precision.

Installation is fast and straightforward: simply drop your action into place and secure it with two screws—no complex gunsmithing required. At its core lies the precision-engineered V-Block bedding system, ensuring consistent contact between the action and chassis. This eliminates unwanted movement under recoil, maximizing accuracy and stability shot after shot.

With a wide range of optional accessories available, the MDT ACC Premier GEN2 Chassis System offers the precision, rigidity, and customization serious competitors demand—giving you the edge to dominate every stage.

Safety Instruction Guide for ACC Premier Gen 2 MDT Chassis

Introduction

Thank you for choosing the ACC Premier Gen 2 MDT Chassis for your Remington 700 rifle. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this guide carefully before using the chassis.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the chassis.
- Use the chassis only for its intended purpose as described in this guide.
- Keep the chassis and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before each use.
- If you notice any defects or issues, discontinue use immediately and seek professional assistance.

Specific Safety Precautions for Use

- Ensure that the chassis is compatible with your specific model of Remington 700 rifle.
- Always wear appropriate eye protection when using the firearm.
- Do not modify the chassis or attempt to alter its design, as this may compromise safety and performance.
- Be aware of your surroundings and ensure a safe shooting environment.
- Never point the firearm at anything you do not intend to shoot.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Remington 700 rifle by unscrewing the screws securing it in place.
- Position the ACC Premier Gen 2 MDT Chassis on the action of the rifle.
- Align the holes of the chassis with the action and secure it using the provided screws. Tighten the screws firmly but do not overtighten.
- Check that the chassis is securely attached and does not move.

2. Usage Instructions:

- When using the chassis, ensure that all components are properly secured and functioning.
- Adjust the cheek weld, hand position, and length of pull to suit your personal preferences for comfort and precision.
- Utilize the fulllength ARCA rail for mounting bipods or tripods to enhance stability and control.
- Regularly check the balance of your rifle to ensure optimal performance during use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the chassis becomes damaged beyond repair, consider recycling the aluminum components where possible.
- Do not dispose of the chassis in regular household waste.
