

CKYE-POD Gen2 Bipods - MDT Accessories - Ckye-Pod Rubber Foot - Standard - BLK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Short, direct, effective. Need traction on slick surfaces? The CKYE-POD Rubber Feet give your bipod a permanent advantage on concrete, hoods, rooftops — anywhere a smooth surface would normally make you slip.

High-friction rubber: Bites into hard surfaces without the need for spikes — stop skidding, start shooting.

Lightweight anodized aluminum core: Machined for strength so the feet stay rigid under load while keeping weight low.

Large contact patch: Keeps the rifle locked in at any leg splay or angle — consistent support whether you're flat or canting.

Engineered for load: Lock your bipod at any splay angle, put weight behind it, and the CKYE-POD feet stay planted.

Ideal for Urban and rooftop sniping, vehicle hoods, concrete benches, bridge rails, and any scenario where spikes are impractical or prohibited. Great for hunters, long-range competitors, and tactical shooters who need predictable, slip-free support on slick surfaces.

MDT CKYEPOD Gen2 Bipods Safety Instruction Guide

Introduction

Thank you for purchasing the MDT CKYEPOD Gen2 Bipods. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your bipod. Please read this document carefully before using the product.

General Safety Guidelines

To ensure your safety and the proper functioning of the CKYEPOD Rubber Feet, please adhere to the following guidelines:

- Always inspect the bipod and rubber feet for any signs of damage before use.
- Ensure that the bipod is securely locked in place before applying weight.
- Use the bipod only on stable and level surfaces to prevent accidents.
- Keep the bipod away from children and individuals who may not understand its use.
- Report any unsafe conditions or product defects to the appropriate authorities.

Specific Safety Precautions for Use

When using the CKYEPOD Gen2 Bipods, please observe these specific precautions:

- Avoid using the bipod on excessively slick or unstable surfaces that may increase the risk of slipping.
- Do not exceed the maximum load capacity of the bipod to prevent structural failure.
- Be cautious when adjusting the leg splay; ensure the bipod is stable before making adjustments.
- If using in urban or tactical scenarios, be aware of your surroundings and potential hazards.
- Always maintain a proper shooting stance and grip on the firearm when using the bipod.

Instructions for Installation and Usage

Follow these steps for the safe installation and usage of the CKYEPOD Gen2 Bipods:

Installation

1. **Unpack the Bipod:** Carefully remove the bipod from its packaging.
2. **Inspect for Damage:** Check for any visible damage or defects.
3. **Attach the Bipod:** Securely attach the bipod to your firearm using the provided mounting hardware.
4. **Adjust the Legs:** Extend the bipod legs to your desired height and ensure they lock into place.

Usage

1. **Position the Bipod:** Place the bipod on a stable surface, ensuring all rubber feet are in contact with the ground.
2. **Lock the Legs:** Ensure that the bipod legs are locked at the desired angle and splay.
3. **Apply Weight:** Gently apply weight to the bipod while maintaining control of the firearm.
4. **Shoot Safely:** Maintain a proper shooting stance and be aware of your surroundings while using the bipod.

Disposal Instructions

When it comes time to dispose of your CKYEPOD Gen2 Bipods, please follow these guidelines:

- Dispose of the bipod in accordance with local waste disposal regulations.
- Recycle any components that are recyclable, such as aluminum parts, where applicable.
- Do not dispose of the bipod in open fires or hazardous waste sites.

Contact Information for Further Support

For further assistance or inquiries related to the CKYEPOD Gen2 Bipods, please reach out to the manufacturer or authorized dealer. Ensure you have your product details ready for a more efficient support experience.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your MDT CKYEPOD Gen2 Bipods. Always prioritize safety and be aware of your surroundings while using this product. Thank you for choosing MDT, and happy shooting!
