

# Aluminum Pistol Grip Stock - Marlin Aluminum Pistol Grip Stock

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The Chisel Machining Marlin Aluminum Stock is a premium CNC-machined upgrade for Marlin lever-action rifles, engineered to deliver maximum durability, modern ergonomics, and a fully adjustable shooting platform. Designed for shooters who want to modernize their classic lever gun, this stock combines rugged construction with sleek, tactical performance.

## Key Features

**Billet 6061 Aluminum Construction** Machined from a solid block of 6061 aluminum, providing exceptional strength, rigidity, and long-term durability.

**Fully Ambidextrous Design** Suitable for both left- and right-handed shooters, offering universal comfort and control.

**Adjustable Cheek Piece** The cheek riser can be raised or lowered, giving you a consistent cheek weld—perfect for rifles equipped with optics.

**Adjustable Butt Pad** The butt pad height can be fine-tuned for optimal shoulder fit, recoil absorption, and overall shooting comfort.

**Drop-In Ready Fit** Designed as a near drop-in replacement for Marlin 1895, 1894, and 336 rifles (pistol grip models from 1970 onward). Minor fitting may be required depending on the rifle.

**Straight-to-Pistol-Grip Conversion** Allows conversion of straight-stock models to a pistol-grip configuration with the proper lever.

**Modern Tactical Design** Clean, aggressive lines and a bombproof profile give your lever gun a modern, high-performance appearance.

# Safety Instruction Guide for the Aluminum Pistol Grip Stock

## Introduction

Thank you for choosing the Chisel Machining Marlin Aluminum Pistol Grip Stock. This premium upgrade for Marlin leveraction rifles is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to ensure the safe use and maintenance of your product.

## General Safety Guidelines

- Always follow the manufacturer's instructions for installation and usage.
- Inspect the product regularly for any signs of wear or damage.
- Ensure that the stock is properly secured to the rifle before use.
- Use only compatible Marlin leveraction rifle models, specifically the 1895, 1894, and 336 (pistol grip models from 1970 onward).
- Keep the stock and rifle out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Material Safety:** The stock is made of Billet 6061 Aluminum. While it is durable, avoid exposing it to extreme conditions that may affect its integrity.
- **Ambidextrous Design:** The stock is designed for both left and righthanded shooters. Ensure that you are using it in a manner that is comfortable and safe for your shooting style.
- **Adjustable Features:**
  - Adjust the cheek piece and butt pad to ensure a proper fit. This will help in maintaining a stable shooting position and minimize recoil impact.
  - Make adjustments slowly and check for secure fittings after adjustments.
- **Conversion Use:** If converting from a straight stock to a pistol grip configuration, ensure that the proper lever is used and that the conversion is performed correctly to avoid operational hazards.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your rifle is unloaded and in a safe condition before beginning installation.
- Remove the existing stock from your Marlin rifle according to the manufacturer's instructions.
- Align the Chisel Machining Aluminum Pistol Grip Stock with the rifle's receiver.
- Secure the stock using the provided screws, ensuring that they are tightened to the manufacturer's specifications.
- Check for any movement or play in the stock once installed.

### 2. Usage:

- Before shooting, adjust the cheek piece and butt pad to fit your shooting style and comfort.
- Always maintain a proper shooting stance and grip while using the rifle.
- Be aware of your surroundings and ensure a clear line of sight before firing.
- Regularly check the stock for any signs of wear or looseness during use.

## **Disposal Instructions**

- When the Aluminum Pistol Grip Stock has reached the end of its service life, dispose of it in accordance with local regulations for aluminum materials.
- Do not dispose of the product in regular household waste. Instead, take it to a designated recycling center that accepts aluminum products.

## **Contact Information for Further Support**

For any inquiries regarding safety, installation, or product support, please refer to the contact information provided by the manufacturer. Ensure you have your product details ready for a more efficient response.

Thank you for following these safety guidelines. Enjoy your enhanced shooting experience with the Chisel Machining Marlin Aluminum Pistol Grip Stock.
