

Claymore Clay Target Thrower - Claymore Connect

[Shooting Accessories](#) > [Targets & Accessories](#) > [Throwers](#)

For decades, electric trap throwers have been limited by outdated designs—heavy automotive batteries, tangled remote cords, and large, cumbersome machines that are difficult to transport and even harder to store. The Caldwell Claymore family changed that, bringing true innovation to the clay target launcher market. The Claymore Connect is the most advanced model in the lineup. Its foldable leg design makes transport and storage simple and efficient, while the bulky car batteries are replaced by a compact Caldwell 12-volt Li-ion battery pack—small enough to fit in your pocket yet powerful enough to throw up to 350 targets on a single charge.

What truly sets the Claymore Connect apart is the feature that gives it its name: Bluetooth connectivity. Paired with the free Caldwell Clays app, users can control up to 10 launchers simultaneously from distances of up to 100 yards. Advanced features include hands-free voice control, preset target pairs, customizable flurries, and more. Leave heavy batteries and tangled cords behind—and get more from your shooting sessions with the Caldwell Claymore Connect.

Safety Instruction Guide for the Caldwell Claymore Connect

Introduction

Thank you for choosing the Caldwell Claymore Connect. This innovative clay target thrower is designed for safe and efficient use. Please read this safety instruction guide carefully to ensure proper handling and operation.

General Safety Guidelines

- Always follow the safety instructions provided in this guide.
- Ensure that all users are familiar with the operation of the Claymore Connect.
- Keep this guide in a safe place for future reference.
- Ensure that the product is used in a safe environment, away from any bystanders.
- Regularly check for any signs of wear or damage before use.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

- **Adult Supervision:** Always have an adult supervise the operation of the Claymore Connect, especially when used by minors.
- **Safe Distance:** Maintain a safe distance from the launch area. Ensure that all participants are behind the designated safety line.
- **Protective Gear:** Wear appropriate protective gear, including safety glasses and hearing protection.
- **Check Surroundings:** Before using the Claymore Connect, check the surrounding area for any obstacles or hazards.
- **Battery Safety:** Use only the recommended Caldwell 12volt Liion battery pack. Avoid exposing the battery to extreme temperatures or physical damage.
- **Bluetooth Connectivity:** Ensure that the Bluetooth connection is secure and that you are within the recommended range for operation.

Instructions for Installation and Usage

Installation

1. **Unpack the Product:** Carefully remove all components from the packaging. Ensure that you have all parts as listed in the product manual.
2. **Assemble the Thrower:**
 - Extend the foldable legs until they lock into place.
 - Ensure that the thrower is stable and secure before proceeding.
3. **Install the Battery:**
 - Locate the battery compartment and insert the Caldwell 12volt Liion battery pack.
 - Ensure that the battery is securely connected and that the compartment is closed properly.

Usage

1. **Setup:**
 - Position the Claymore Connect in a safe area, ensuring that the launch area is clear of obstructions and bystanders.
2. **Power On:**
 - Turn on the Claymore Connect using the power switch.
3. **Connect to the App:**
 - Download the Caldwell Clays app from your device's app store.
 - Follow the app instructions to pair your device with the Claymore Connect via Bluetooth.

4. Launching Targets:

- Use the app to set your desired launch settings, including target pairs and flurries.
- Ensure that all participants are at a safe distance before launching targets.

5. PostUse:

- After use, power off the Claymore Connect and remove the battery if storing for an extended period.
- Store the device in a cool, dry place.

Disposal Instructions

- Dispose of the Claymore Connect and its components in accordance with local regulations.
- Do not dispose of the Caldwell 12volt Liion battery in regular waste. Follow proper disposal guidelines for lithiumion batteries.
- Consider recycling options available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Caldwell Claymore Connect, please refer to the manufacturer's website or contact your local retailer for assistance.

Thank you for choosing Caldwell. Enjoy your shooting sessions safely!
