

Nylon Best Bore Brush, .35 Cal / 9 mm 3-Pack

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Tipton Best Nylon Bore Brush is built for serious shooters who demand fast, effective, and safe barrel cleaning. Extra-stiff bristles cut through copper fouling, stubborn carbon, and residue to significantly reduce cleaning time. Unlike standard nylon brushes, the thick bristles resist breakdown from aggressive scrubbing and harsh cleaning solvents, delivering long-lasting performance.

Designed with a non-marring brass core, this brush is 100% safe for both rifle and pistol barrels. Available in 14 sizes from .17 caliber to .50 caliber, the Tipton Best Nylon Bore Brush provides superior cleaning power across a wide range of firearms. Sold in packs of three.

Safety Instructions for the Tipton Best Nylon Bore Brush, .35 Cal / 9 mm

Introduction

Thank you for choosing the Tipton Best Nylon Bore Brush. This product is designed for serious shooters who require effective and safe barrel cleaning. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the bore brush in accordance with the manufacturer's instructions.
- Inspect the bore brush before each use for any signs of wear or damage.
- Keep the bore brush out of reach of children and vulnerable individuals.
- Ensure that your workspace is clean and free of distractions when using the product.
- Do not use the bore brush for any purpose other than intended cleaning of firearm barrels.

Specific Safety Precautions for Use

- Avoid aggressive scrubbing that may damage the bore brush or firearm.
- Use appropriate cleaning solvents that are compatible with nylon brushes.
- Wear safety goggles to protect your eyes from potential splashes of cleaning solvents.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Do not attempt to clean a firearm while it is still hot from use; allow it to cool down first.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe position.
- Gather all necessary cleaning supplies, including the Tipton Best Nylon Bore Brush and compatible cleaning solvent.

2. Installation:

- Attach the bore brush to a cleaning rod according to the manufacturer's specifications.
- Ensure that the brush is securely fastened to prevent it from detaching during use.

3. Usage:

- Apply a small amount of cleaning solvent to the bristles of the bore brush.
- Insert the bore brush into the barrel of the firearm, ensuring it is oriented correctly.
- Gently push the brush through the barrel and pull it back out. Repeat this process several times, as needed.
- After cleaning, remove the bore brush and clean it with warm water to remove any residue.

4. PostUsage:

- Inspect the bore brush for any signs of wear or damage after use.
- Store the bore brush in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the bore brush in accordance with local regulations for waste disposal.
- Do not incinerate or dispose of the bore brush in a manner that could harm the environment.

Contact Information for Further Support

For any safety inquiries or concerns regarding the use of the Tipton Best Nylon Bore Brush, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton Best Nylon Bore Brush. Thank you for your attention to safety!
