

TIMBR Core Laminate - MDT Chassis - TIMBR Core Laminate - Savage 110 - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and built around MDT's proven aluminum micro-chassis, it combines timeless craftsmanship with modern precision engineering. On the outside, you get the warmth, character, and unmistakable presence of real wood. On the inside, you get a rigid, performance-driven backbone designed to deliver consistency shot after shot.

Every TIMBR CORE is made from genuine natural walnut, meaning no two stocks are ever the same. The grain, the tone, the finish — each one is 100% unique. This isn't just another rifle stock. It's your rifle stock.

At its core lies an integrated aluminum micro-chassis featuring a V-block bedding system. Your action locks into place with precision and zero guesswork. No traditional bedding. No gunsmithing required. Just torque it down and you're ready to shoot. The result is a precise action fit, minimal flex, and repeatable accuracy you can rely on in the field or at the range.

From whitetail woods to weekend range sessions, the TIMBR CORE delivers the warmth of wood with the repeatability of metal. Ergonomic refinements inspired by MDT's chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

Safety Instruction Guide for MDT TIMBR Core Laminate MDT Chassis

Introduction

Thank you for choosing the MDT TIMBR Core Laminate MDT Chassis for your Savage 110 rifle. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the MDT TIMBR Core by following all instructions and guidelines outlined in this document.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding your product. Check regularly for updates.
- **Online Shopping Protections:** If purchased online, ensure that the retailer complies with EU safety requirements.
- **Special Consumer Focus:** Extra care should be taken to ensure that children and vulnerable individuals do not have access to the product when not in use.
- **EU Contact Point:** For safety inquiries or concerns, refer to the designated EU contact point for assistance.
- **Rapid Alerts:** Be aware of the Safety Gate system for fast updates on unsafe products.

Specific Safety Precautions for Use

- **Handling:** Always handle your rifle and chassis with care. Treat every firearm as if it is loaded.
- **Installation:** Ensure proper installation as outlined in this guide to avoid any hazards.
- **Use of Ammunition:** Only use ammunition that is compatible with your Savage 110 rifle.
- **Environment:** Use the chassis in a safe and controlled environment, away from children and unauthorized individuals.
- **Maintenance:** Regularly inspect the chassis for any signs of wear or damage. Address any issues immediately.
- **Training:** Ensure that all users are adequately trained in firearm safety and operation.

Instructions for Installation and Usage

1. Installation:

- Ensure you have all necessary tools and components before beginning installation.
- Follow these steps for proper installation:
 1. Carefully remove the MDT TIMBR Core from the packaging.
 2. Align the chassis with your Savage 110 action.
 3. Secure the action into the chassis using the integrated aluminum microchassis and Vblock bedding system.
 4. Torque the screws according to the manufacturer's specifications.
 5. Check for a snug fit and ensure no movement occurs.

2. Usage:

- Always ensure the rifle is pointed in a safe direction before loading or unloading.
- Use the chassis in conjunction with proper shooting techniques.
- Regularly practice safe firearm handling and storage.

Disposal Instructions

- When disposing of the MDT TIMBR Core, follow local regulations regarding the disposal of firearms and firearm accessories.
- Consider recycling components where possible, especially materials like aluminum and wood.
- Ensure that the product is rendered unusable before disposal to prevent accidental use.

Contact Information for Further Support

For safety inquiries, installation support, or product information, please refer to the designated contact point provided by your retailer or manufacturer.

By adhering to these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate MDT Chassis. Always prioritize safety and responsible firearm use.
