

TIMBR Core Laminate - MDT Chassis - TIMBR Core Laminate - Tikka T3X - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and built around MDT's proven aluminum micro-chassis, it combines timeless craftsmanship with modern precision engineering. On the outside, you get the warmth, character, and unmistakable presence of real wood. On the inside, you get a rigid, performance-driven backbone designed to deliver consistency shot after shot.

Every TIMBR CORE is made from genuine natural walnut, meaning no two stocks are ever the same. The grain, the tone, the finish — each one is 100% unique. This isn't just another rifle stock. It's your rifle stock.

At its core lies an integrated aluminum micro-chassis featuring a V-block bedding system. Your action locks into place with precision and zero guesswork. No traditional bedding. No gunsmithing required. Just torque it down and you're ready to shoot. The result is a precise action fit, minimal flex, and repeatable accuracy you can rely on in the field or at the range.

From whitetail woods to weekend range sessions, the TIMBR CORE delivers the warmth of wood with the repeatability of metal. Ergonomic refinements inspired by MDT's chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

Safety Instruction Guide for MDT TIMBR Core Laminate MDT Chassis

Introduction

Thank you for choosing the MDT TIMBR Core Laminate MDT Chassis. This guide provides essential safety instructions to ensure your safe use of this product. Please read and follow these guidelines carefully to maximize your safety and the performance of your MDT chassis.

General Safety Guidelines

- Ensure that the MDT TIMBR Core Laminate MDT Chassis is used only for its intended purpose.
- Always handle firearms with care and treat them as if they are loaded.
- Keep the chassis and any associated equipment out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Familiarize yourself with local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Ensure that the action of your rifle is clear of obstructions before installation.
- Do not modify the MDT chassis in any way that could compromise its integrity or safety.
- Avoid using the chassis in adverse weather conditions that could affect performance, such as heavy rain or extreme heat.
- Store the chassis in a dry and secure location when not in use.

Instructions for Installation and Usage

1. Installation

- Remove the action from your Tikka T3X rifle following the manufacturer's instructions.
- Align the action with the integrated aluminum microchassis of the MDT TIMBR Core Laminate.
- Secure the action in place using the provided hardware. Ensure that you torque it down to the manufacturer's specifications.
- Doublecheck that the action is locked into place securely.

2. Usage

- Before each use, ensure that the rifle is unloaded and the chamber is clear.
- Adjust the length of pull (LOP) spacers as necessary for your comfort and shooting style.
- Maintain a proper grip on the chassis during use to ensure control and accuracy.
- After use, clean the chassis and ensure it is free from debris and moisture.

Disposal Instructions

- Dispose of the MDT TIMBR Core Laminate MDT Chassis in accordance with local regulations.
- If the chassis is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the chassis in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or performance, please contact the manufacturer directly or refer to the

product documentation.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate MDT Chassis. Always prioritize safety and stay informed about best practices in firearm handling and maintenance. Thank you for choosing MDT, and enjoy your shooting experience.
