

TIMBR Core Laminate - MDT Chassis - TIMBR Core Laminate - Rem 700 - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and built around MDT's proven aluminum micro-chassis, it combines timeless craftsmanship with modern precision engineering. On the outside, you get the warmth, character, and unmistakable presence of real wood. On the inside, you get a rigid, performance-driven backbone designed to deliver consistency shot after shot.

Every TIMBR CORE is made from genuine natural walnut, meaning no two stocks are ever the same. The grain, the tone, the finish — each one is 100% unique. This isn't just another rifle stock. It's your rifle stock.

At its core lies an integrated aluminum micro-chassis featuring a V-block bedding system. Your action locks into place with precision and zero guesswork. No traditional bedding. No gunsmithing required. Just torque it down and you're ready to shoot. The result is a precise action fit, minimal flex, and repeatable accuracy you can rely on in the field or at the range.

From whitetail woods to weekend range sessions, the TIMBR CORE delivers the warmth of wood with the repeatability of metal. Ergonomic refinements inspired by MDT's chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

MDT TIMBR Core Laminate MDT Chassis Safety Instructions

Introduction

Thank you for choosing the MDT TIMBR Core Laminate MDT Chassis. This product combines beauty and performance, crafted from solid walnut and designed for precision. To ensure your safety and the optimal use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure safe handling and use of the product to avoid accidents and injuries.
- Always follow the manufacturer's instructions for use and maintenance.
- Be aware of potential hazards associated with firearms and their accessories.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.

Specific Safety Precautions for Use

- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Never point the firearm at anything you do not intend to shoot.
- Ensure the safety mechanism is engaged when not in use.
- Use appropriate ammunition for your firearm and verify compatibility with the MDT TIMBR Core.
- Avoid using the product in wet or damp conditions to prevent damage to the wood and chassis.
- Do not modify the product or use nonapproved accessories that may compromise safety.
- Store the product in a secure location to prevent unauthorized access.

Instructions for Installation and Usage

1. Installation of the MDT TIMBR Core:

- Ensure you have the necessary tools for installation, including a torque wrench.
- Remove the existing stock from your Remington 700 rifle.
- Align the action of your rifle with the integrated aluminum microchassis of the MDT TIMBR Core.
- Secure the action using the provided screws, ensuring they are tightened to the manufacturer's specified torque settings.
- Check that the action is locked in place without any movement.

2. Usage:

- Before shooting, ensure your firearm is clean and free of obstructions.
- Adjust the length of pull (LOP) spacers to suit your comfort and shooting style.
- Familiarize yourself with the grip angles and ergonomics of the MDT TIMBR Core for optimal control.
- Always wear appropriate eye and ear protection while shooting.
- Practice safe shooting practices at all times.

Disposal Instructions

- When disposing of the MDT TIMBR Core, follow local regulations for disposal of wood and metal products.
- If the product is damaged beyond use, consider recycling materials where possible.
- Ensure that all components are disposed of in a safe manner to prevent accidents.

Contact Information for Further Support

For any safety inquiries or support regarding the MDT TIMBR Core Laminate MDT Chassis, please refer to the manufacturer's contact information provided with your product. It is important to have access to assistance if needed.

By adhering to these guidelines, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate MDT Chassis. Always prioritize safety and responsible handling of your firearm.
