

# TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Hunting Kit - Laminate - Tikka T3X SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

# MDT TIMBR Core Laminate Kit Safety Instruction Guide

## Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this guide thoroughly before using the MDT TIMBR Core to familiarize yourself with important safety information and operational guidelines.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Store firearms and ammunition securely, out of reach of children and unauthorized users.
- Wear appropriate eye and ear protection when shooting.
- Follow all local laws and regulations regarding firearm ownership and use.
- Ensure that the firearm is pointed in a safe direction at all times.
- Do not use the firearm under the influence of alcohol or drugs.
- Regularly inspect your firearm for signs of wear or damage.
- Be aware of your surroundings and ensure a clear shooting area.

## Specific Safety Precautions for Use

- Ensure that the MDT TIMBR Core is properly installed on your Tikka T3X SA before use.
- Check that the action is securely locked in place using the integrated Vblock bedding system.
- Avoid overtightening screws during installation, as this may cause damage to the stock or action.
- Be cautious of the weight of the firearm when using heavier barrel profiles; ensure you have a proper grip.
- Use only compatible accessories and attachments with the MDT TIMBR Core.
- Do not modify or alter the stock in any way that may affect its performance or safety.
- If you notice any unusual behavior or performance issues, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Carefully remove the MDT TIMBR Core from its packaging.
- Align the action of your Tikka T3X SA with the integrated Vblock bedding system.
- Secure the action by following the manufacturer's torque specifications. Ensure that all screws are tightened evenly.
- Attach the forend channel to accommodate the barrel profile, ensuring a snug fit.
- Install any additional accessories, such as sling studs or bipods, as required.

### 2. Usage Steps:

- Before shooting, ensure that the firearm is clean and free of obstructions.
- Load ammunition only when you are ready to shoot.
- Follow standard shooting practices and maintain control of the firearm at all times.
- After use, unload the firearm and store it safely.

## **Disposal Instructions**

- Dispose of the MDT TIMBR Core in accordance with local regulations for wood products and firearms.
- If the product is damaged beyond repair, consider recycling the wood components where possible.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's website or contact your local dealer for assistance. It is important to have access to support for any safety inquiries or product-related issues.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate Kit. Always prioritize safety and responsible handling practices.
