

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Hunting Kit - Laminate - Tikka T3X SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instructions

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe use and maintenance of your rifle stock. Please read this document carefully before using the product to maximize your safety and performance.

General Safety Guidelines

- Ensure that the MDT TIMBR Core Laminate Kit is used only by individuals who are familiar with firearms and their safe handling.
- Always follow the manufacturer's recommendations and guidelines for the use of this product.
- Be aware of your surroundings and ensure that you are in a safe environment when handling or using firearms.
- Store the rifle stock in a secure location, away from children and unauthorized users.
- Regularly inspect the rifle stock for any signs of damage or wear. Do not use if damaged.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the rifle stock is properly installed before use. Refer to the installation instructions provided in this guide.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Never point the firearm at anything you do not intend to shoot.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of the safety features of your firearm and ensure they are functioning correctly before use.
- Use only compatible firearms with the MDT TIMBR Core Laminate Kit to avoid accidents.
- Do not modify the rifle stock or any components without consulting a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your workspace is clean and free from distractions. Gather all necessary tools and components.
2. **Remove Existing Stock:** Carefully remove the existing stock from your Tikka T3X SA rifle according to the manufacturer's instructions.
3. **Install the MDT TIMBR Core:**
 - Align the action of the rifle with the Vblock bedding system of the MDT TIMBR Core.
 - Securely fasten the action using the provided screws. Ensure that the action is locked firmly into place.
 - Do not use bedding compound; simply torque down the screws as instructed.
4. **Check Fit:** Ensure that the rifle action fits snugly within the stock. There should be no movement or play.
5. **Final Inspection:** Doublecheck all screws and fittings to ensure everything is secure before using the rifle.

Usage

- When ready to shoot, check that the area is clear of obstructions and that you have a safe backdrop.
- Use the rifle stock as intended, maintaining proper shooting posture and grip.
- After use, clean the rifle stock and firearm according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the MDT TIMBR Core Laminate Kit is damaged beyond repair, follow your local waste disposal guidelines for wood and metal products.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal sites.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided by the retailer or manufacturer.

By following these safety instructions, you can ensure the safe and effective use of the MDT TIMBR Core Laminate Kit. Enjoy your shooting experience responsibly!
