

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Hunting Kit - Laminate - Rem 700 - SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instructions

Introduction

Thank you for purchasing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this document carefully before using the MDT TIMBR Core and keep it for future reference.

General Safety Guidelines

- Ensure that you use the MDT TIMBR Core Laminate Kit in accordance with the manufacturer's instructions.
- Always inspect your rifle stock for any signs of damage before use.
- Keep the product out of reach of children and unauthorized users.
- Use appropriate safety gear, such as eye protection and ear protection, when handling firearms.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about any product recalls or safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction or injury.
 - The use of incompatible components can compromise safety and performance.
- **Avoiding Hazards:**
 - Always ensure that the action is properly secured in the integrated Vblock bedding system.
 - Do not attempt to modify or alter the MDT TIMBR Core in any way.
 - Ensure that all fasteners are torqued to the manufacturer's specifications before use.
- **Age Restrictions:**
 - This product is intended for use by individuals aged 18 and older. Ensure that minors are supervised when handling firearms.

Instructions for Installation and Usage

1. Installation:

- Remove the MDT TIMBR Core from its packaging and inspect for any visible damage.
- Ensure that your Remington 700 action is clean and free of debris.
- Align the action with the Vblock bedding system in the stock.
- Secure the action by tightening the provided fasteners to the specified torque settings.
- Doublecheck that the action is firmly in place before proceeding.

2. Usage:

- Always treat the rifle as if it is loaded, even if you believe it to be unloaded.
- Before shooting, ensure that the area is safe and free of obstructions.
- Use the rifle only in designated shooting ranges or safe environments.
- Maintain proper shooting posture and grip to ensure control and accuracy.
- After use, clean and maintain the rifle according to standard guidelines.

Disposal Instructions

- Dispose of the MDT TIMBR Core Laminate Kit in accordance with local regulations.
- If the product is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the product in general waste if it contains hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

Thank you for prioritizing safety as you enjoy your MDT TIMBR Core Laminate Kit.
