

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Precision Kit - Laminate - Rem 700 - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instructions

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe use and enjoyment of your product. Please read this document carefully before using your rifle stock.

General Safety Guidelines

- Always treat your rifle as if it is loaded, even if you believe it is not.
- Store your rifle and ammunition securely and out of reach of children and unauthorized users.
- Use appropriate eye and ear protection when handling or shooting your rifle.
- Be aware of your surroundings and ensure a safe backstop when shooting.
- Regularly inspect your rifle stock for any signs of wear or damage.
- Follow all local laws and regulations related to firearm usage and ownership.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the MDT TIMBR Core is installed correctly before use. Improper installation may lead to malfunctions.
- Check that the action is securely locked into the bedding system before shooting.
- Avoid excessive force when tightening screws; follow the manufacturer's recommended torque specifications.
- Be cautious when using sling studs; ensure they are properly mounted to prevent accidents.
- Do not modify the stock or any components unless authorized by the manufacturer.
- Ensure that the rifle is appropriate for your skill level and experience.

Instructions for Installation and Usage

1. Installation

- Carefully unpack the MDT TIMBR Core Laminate Kit and inspect all components for damage.
- Refer to the installation manual for specific instructions on mounting the stock to your Remington 700 action.
- Align the action with the Vblock bedding system and secure it in place using the provided screws.
- Use a torque wrench to tighten the screws to the recommended specifications.
- Check the alignment and ensure there is no movement between the action and the stock.

2. Usage

- Before each use, inspect the stock for any visible damage or wear.
- Ensure that the rifle is clean and properly maintained.
- Adjust the length of pull (LOP) spacers as needed for optimal comfort.
- Practice proper shooting techniques and safety protocols at all times.
- After use, clean the stock according to the care instructions provided.

Disposal Instructions

- Dispose of the MDT TIMBR Core Laminate Kit according to local regulations and guidelines.
- Do not dispose of the stock in regular household waste.
- If the stock is damaged or no longer usable, consider recycling the materials if possible.

Contact Information for Further Support

For any questions or concerns regarding the MDT TIMBR Core Laminate Kit, please reach out to the manufacturer or authorized dealers for assistance. Ensure you have your product details available for reference.

Thank you for prioritizing safety and responsibility in your firearm usage. Enjoy your MDT TIMBR Core Laminate Kit!
