

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Precision Kit - Laminate - Rem 700 - SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instructions

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe and effective use of your rifle stock. Please read and follow these guidelines carefully to maximize your safety and performance.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm securely and out of reach of children.
- Wear appropriate eye and ear protection when shooting.
- Ensure that you are familiar with the operation of your firearm before use.
- Always follow local laws and regulations regarding firearm use and ownership.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that younger users are supervised by a responsible adult.
- **Inspect Before Use:** Before every use, inspect the rifle stock for any signs of damage or wear. Do not use if damaged.
- **Proper Use:** Ensure that the rifle stock is compatible with your firearm model (Remington 700) and that it is securely attached before firing.
- **Avoid Overtightening:** When securing the stock to the action, avoid overtightening screws, as this may lead to damage.
- **Sling Attachment:** Use the integrated sling studs only for their intended purpose. Do not exceed the weight limit of the sling or bipod you attach.
- **Environmental Considerations:** Avoid using the rifle stock in extreme weather conditions that could affect performance.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from your Remington 700 by unscrewing the action screws.
- Align the MDT TIMBR Core stock with the action and ensure a proper fit.
- Secure the action to the stock using the provided screws. Tighten them to the manufacturer's specifications without overtightening.
- Attach any accessories, such as a sling or bipod, to the integrated studs as needed.

2. Usage:

- Before shooting, ensure that the rifle stock is properly installed and that all components are secure.
- Familiarize yourself with the rifle's operation, including safety mechanisms.
- When ready to shoot, position yourself in a safe stance and ensure that your surroundings are clear.
- Maintain a firm grip on the stock while firing to ensure stability and control.
- After use, clean the stock and firearm according to the manufacturer's recommendations.

Disposal Instructions

- When disposing of the MDT TIMBR Core Laminate Kit, ensure that it is done in an environmentally friendly manner.
- Check local regulations for proper disposal methods of firearm components.
- If the product is damaged beyond use, consider recycling options for wood and metal components where available.

Contact Information for Further Support

For any questions or concerns regarding the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety and for being a responsible firearm owner. Enjoy your shooting experience with the MDT TIMBR Core Laminate Kit!
