

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Kit - Laminate - Rem 700 - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instructions

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions and guidelines to ensure the safe use of your rifle stock. Please read this document thoroughly before installation and usage.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents and injuries.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep firearms out of reach of children and unauthorized users.
- Regularly inspect your rifle stock for any signs of wear or damage.
- Store your rifle in a secure location when not in use.
- Familiarize yourself with local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- **Handling:** Always handle your rifle with care. Avoid pointing the firearm at anything you do not intend to shoot.
- **Ammunition:** Use only the recommended ammunition for your firearm. Consult the manufacturer's specifications.
- **Environment:** Ensure that you are in a safe environment when handling or shooting your firearm. Be aware of your surroundings.
- **Maintenance:** Regularly clean and maintain your rifle stock as per the manufacturer's recommendations to ensure optimal performance.
- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, such as safety glasses and ear protection, when using your firearm.

Instructions for Installation and Usage

- **Installation:**

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the old stock from your firearm, following the manufacturer's instructions.
3. Align the MDT TIMBR Core Laminate Kit with the action of your firearm.
4. Securely attach the stock using the provided hardware, ensuring there is no movement.
5. Check that the stock is firmly in place before proceeding to use the firearm.

- **Usage:**

1. Confirm that the rifle is unloaded before any handling.
2. Adjust the length of pull (LOP) spacers as needed for comfort and control.
3. Ensure the Vblock bedding system is properly engaged for stability.
4. When ready to shoot, assume a stable shooting position.
5. Follow standard shooting practices and maintain focus on safety.

Disposal Instructions

- Dispose of the MDT TIMBR Core Laminate Kit in accordance with local regulations.
- Do not burn or incinerate the product as it may release harmful substances.
- If the product is damaged or no longer needed, consider recycling components where applicable.

Contact Information for Further Support

For any safety inquiries or concerns regarding the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's contact information, which can be found on the product packaging or the official website.

Conclusion

By following these safety instructions and guidelines, you can ensure safe and enjoyable use of your MDT TIMBR Core Laminate Kit. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important safety measures.
