

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Kit - Laminate - Savage - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instruction Guide

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe use of your product. It is important to read and understand these guidelines to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearm usage and ownership.
- Store the product in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety alerts via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always treat your firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Use appropriate safety gear, including eye and ear protection, when using the product.
- Ensure that the action is open and the firearm is unloaded before handling or cleaning.
- Avoid using the product under the influence of drugs or alcohol.
- Do not modify the product in any way that may affect its safety or performance.
- Ensure that the product is compatible with your firearm model before installation.

Instructions for Installation and Usage

1. Installation:

- Carefully read the installation instructions provided with the product.
- Ensure you have the necessary tools before beginning the installation.
- Align the MDT TIMBR Core with the action of your firearm.
- Secure the action using the integrated Vblock bedding system, ensuring a firm fit.
- Torque the screws to the manufacturer's specifications without overtightening.
- Doublecheck the installation for stability and proper alignment.

2. Usage:

- Before each use, inspect the firearm and stock for any signs of damage or wear.
- Ensure that the safety mechanism is engaged until you are ready to shoot.
- When ready to shoot, disengage the safety and take aim.
- After use, clean and maintain the product according to the manufacturer's instructions.

Disposal Instructions

- Dispose of the product in accordance with local regulations and guidelines.
- If the product is damaged or no longer in use, consider recycling options where available.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any safety inquiries or support related to the MDT TIMBR Core Laminate Kit, please consult the manufacturer's contact information provided with your product packaging or visit their official website.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate Kit. Thank you for your attention to safety!
