

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Hunter Kit - Laminate - Savage - SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instructions

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe and effective use of your rifle stock. Please read this manual thoroughly before use to understand the safety guidelines and proper handling procedures.

General Safety Guidelines

- Ensure the product is used in accordance with all local laws and regulations regarding firearms.
- Always treat every firearm as if it is loaded.
- Store the rifle stock in a secure location, away from children and unauthorized users.
- Regularly inspect the rifle stock for any signs of damage or wear before use.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow the manufacturer's recommendations for compatible firearms and accessories.

Specific Safety Precautions for Use

- **Avoid Modifications:** Do not alter or modify the MDT TIMBR Core stock. Unauthorized changes may compromise safety and performance.
- **Proper Handling:** When handling the rifle, always keep the muzzle pointed in a safe direction.
- **Shooting Position:** Ensure a stable shooting position to maintain control and accuracy.
- **Loading and Unloading:** Follow standard procedures for loading and unloading your firearm. Always check that the firearm is unloaded when not in use.
- **Child Safety:** Keep firearms and ammunition out of reach of children. Educate young users on firearm safety if they are to be involved in shooting activities.
- **Environmental Awareness:** Be mindful of your shooting environment. Ensure that there are no people or animals in the vicinity of your shooting area.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and safe to handle.
- Align the MDT TIMBR Core stock with the action of your firearm.
- Securely attach the stock using the provided hardware, following the manufacturer's torque specifications.
- Check that all screws and fittings are tightened properly to avoid any movement during use.

2. Usage:

- Before shooting, familiarize yourself with the firearm's controls and operation.
- Adjust the length of pull (LOP) spacers to fit your preference and comfort.
- Ensure that the Vblock bedding system is properly engaged to secure the action in the stock.
- When ready to shoot, assume a stable shooting position and aim carefully.
- After shooting, clean and maintain your rifle stock according to the manufacturer's recommendations.

Disposal Instructions

- Dispose of the product in accordance with local regulations for nonhazardous materials.
- If the stock is damaged beyond repair, consider recycling options where available.

- Ensure that all components are disposed of safely to avoid injury or environmental harm.

Contact Information for Further Support

For any questions regarding safety, installation, or usage, please refer to the manufacturer's website or contact their customer support directly. They can provide additional information and assistance to ensure your safety and satisfaction with the MDT TIMBR Core Laminate Kit.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate Kit. Always prioritize safety and responsible handling when using firearms.
