

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Hunter Kit - Laminate - Savage - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

Safety Instruction Guide for MDT TIMBR Core Laminate Kit

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions and guidelines to ensure the safe use and enjoyment of your product. Please read this document carefully before using the rifle stock.

General Safety Guidelines

- Always treat your rifle as if it is loaded, even when you believe it to be empty.
- Keep the rifle pointed in a safe direction at all times.
- Store your rifle securely and out of reach of children and unauthorized users.
- Wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure that there is a safe backdrop for shooting.
- Regularly inspect your rifle and its components for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Ensure that the MDT TIMBR Core is compatible with your specific rifle model (Savage 110).
- Always use the integrated Vblock bedding system as instructed to secure your action properly.
- Do not attempt to modify or alter the stock in any way that could compromise its integrity or safety.
- Be cautious when handling the rifle, especially when attaching or detaching accessories like bipods or sling straps.
- If you experience any issues with the rifle stock, stop using it immediately and consult a qualified gunsmith or the manufacturer.
- Avoid exposure to extreme temperatures and moisture to maintain the integrity of the laminate material.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools for installation, including a torque wrench.
- Read the installation manual thoroughly before beginning.

2. Installation Steps:

- Remove the existing stock from your Savage 110 rifle.
- Clean the action and ensure no debris is present.
- Place the action into the MDT TIMBR Core stock, aligning it with the integrated Vblock bedding system.
- Use the torque wrench to tighten the screws to the manufacturer's specified torque settings. Ensure that the action is securely locked in place.

3. Usage Guidelines:

- Adjust the Length of Pull (LOP) spacers as necessary to fit your shooting style.
- Familiarize yourself with the grip angles and ergonomics of the stock before heading to the range.
- Practice shooting in a safe environment to ensure comfort and control with the new stock.

4. PostUsage Care:

- Clean the stock after each use to remove dirt and moisture.
- Store the rifle in a dry place, preferably in a protective case to prevent damage.

Disposal Instructions

- When disposing of the MDT TIMBR Core Laminate Kit, follow local regulations regarding the disposal of wood and metal materials.
- If the stock is damaged beyond repair, consider recycling the materials where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for more resources.

Please remember that safety is paramount when handling firearms. Adhering to these guidelines will help ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate Kit.
