

TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Kit - Laminate - Ruger American - SA - RH - GMC

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

MDT TIMBR Core Laminate Kit Safety Instruction Guide

Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety information to ensure the safe use of your rifle stock. Please read and follow these instructions carefully to maximize your safety and the performance of your product.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even when it is not.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm in a secure location, away from unauthorized access, especially by children.
- Use appropriate eye and ear protection when shooting.
- Regularly inspect your firearm and accessories for signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Be aware of your surroundings and ensure a clear shooting area before firing.

Specific Safety Precautions for Use

- Ensure that the MDT TIMBR Core is properly installed on your Ruger American before use.
- Avoid using the firearm in adverse weather conditions that may affect performance or safety.
- Do not exceed the manufacturer's recommended specifications for ammunition and accessories.
- Be cautious when adjusting any components of the rifle stock, as improper adjustments can affect performance and safety.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. **Preparation:** Gather all necessary tools and ensure you have a clean workspace.
2. **Remove the Existing Stock:** Carefully detach the existing stock from your Ruger American by following the manufacturer's instructions.
3. **Fit the MDT TIMBR Core:** Align the action of your firearm with the integrated Vblock bedding system of the MDT TIMBR Core.
4. **Secure the Stock:** Use the provided screws to secure the stock to the action. Torque down the screws to the manufacturer's specifications.
5. **Check Alignment:** Ensure that the action is firmly seated and check for any misalignment.

Usage

1. **Loading:** Load your firearm according to the manufacturer's guidelines, ensuring that all safety measures are in place.
2. **Shooting:** When ready to shoot, assume a stable shooting position and maintain a firm grip on the rifle.
3. **PostShooting:** After shooting, ensure the firearm is unloaded and clean any debris from the stock to maintain its integrity.

Disposal Instructions

- Dispose of the MDT TIMBR Core in accordance with local regulations regarding wood products and firearm accessories.

- Do not burn the stock or dispose of it in a manner that could pose environmental hazards.

Contact Information for Further Support

For any safety inquiries or assistance regarding the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's website or contact your local dealer.

Please remember that safety is your responsibility. By following these guidelines and instructions, you can enjoy the performance and beauty of your MDT TIMBR Core while ensuring your safety and the safety of those around you.
