

# TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Kit - Laminate - Ruger American - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

# Safety Instruction Guide for MDT TIMBR Core Laminate Kit

## Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions and guidelines to ensure the safe use and enjoyment of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a rifle stock.
- Always handle firearms with care and follow all local laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear.
- Avoid using the product if it is damaged or if any parts are missing.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Before using the MDT TIMBR Core, ensure that it is properly installed on your firearm.
- Always check that the firearm is unloaded before attaching or detaching the stock.
- Use appropriate safety gear, including eye and ear protection, when handling firearms.
- Be aware of your surroundings and ensure that you have a clear and safe area for shooting.
- Do not exceed the manufacturer's recommended torque specifications when securing the stock.
- Avoid using the stock with incompatible firearm models or configurations.
- If you notice any unusual sounds or performance issues while using the stock, stop using it immediately and consult a professional.

## Instructions for Installation and Usage

### Installation Steps

1. **Preparation:** Ensure that your firearm is unloaded and safe to handle.
2. **Remove Existing Stock:** Follow the manufacturer's instructions for removing the existing stock from your firearm.
3. **Align the VBlock:** Position the MDT TIMBR Core stock onto the action of the firearm, ensuring that the integrated Vblock bedding system aligns correctly.
4. **Secure the Stock:** Use the provided screws to secure the stock in place. Torque the screws to the manufacturer's specified settings to ensure a firm fit.
5. **Check Stability:** Once installed, check that the stock is stable and does not move when pressure is applied.

### Usage Guidelines

- Always practice safe handling procedures when using your firearm with the MDT TIMBR Core stock.
- Regularly check the stock for tightness and stability, especially after extensive use.
- Clean the stock with a soft, dry cloth to maintain its appearance and performance. Avoid using harsh chemicals or solvents.

## **Disposal Instructions**

- Dispose of the product responsibly at the end of its life cycle.
- Follow local regulations for the disposal of wood and metal materials.
- If the product is damaged beyond repair, consider recycling components where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's website or contact their customer support team for assistance.

Thank you for prioritizing safety and for choosing the MDT TIMBR Core Laminate Kit. Enjoy your shooting experience responsibly!
