

# TIMBR Core Laminate Kit - MDT Chassis - TIMBR Core Kit - Laminate - Tikka T3X - SA - RH - CCL

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is what happens when you stop choosing between beauty and performance.

Crafted from solid walnut and reinforced with our proven aluminum micro-chassis, it blends old-world elegance with a precision-engineered core. The result is a rifle stock that looks traditional but performs with modern consistency and strength.

The integrated V-block bedding system locks your action firmly into place with zero guesswork. No bedding compound. No gunsmithing. Just torque it down and you're ready to shoot. The aluminum micro-chassis eliminates flex, ensures a precise action fit, and delivers repeatable groups every time you pull the trigger.

Each TIMBR CORE is crafted from genuine natural wood, making every stock completely unique. The grain patterns, color tones, and finish variations are one of a kind. This isn't just another off-the-shelf stock — it's your rifle stock, with character built into every detail.

Designed for both field and range use, the TIMBR CORE brings the warmth and balance of walnut to whitetail woods while maintaining the repeatability and structural integrity of metal. Ergonomic refinements inspired by our chassis systems — including optimized grip angles, adjustable LOP spacers, and improved geometry — enhance comfort and control without sacrificing the classic look and feel of a traditional wood stock.

An oversized forend channel accommodates heavier barrel profiles with ease, while integrated sling studs allow you to mount a bipod or carry strap effortlessly. Whether you're hiking deep into the backcountry or setting up prone at the range, the TIMBR CORE is built to perform without compromise.

# MDT TIMBR Core Laminate Kit Safety Instructions

## Introduction

Thank you for choosing the MDT TIMBR Core Laminate Kit. This guide provides essential safety instructions to ensure the safe use and maintenance of your rifle stock. Please read this document carefully before use to maximize safety and performance.

## General Safety Guidelines

- Always treat your rifle as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure the safety mechanism is engaged until you are ready to shoot.
- Store your rifle in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your rifle and its components for signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and storage.
- Be aware of your surroundings and ensure a clear shooting area.

## Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the stock is properly installed on your rifle before use. Follow the installation instructions carefully to avoid accidents.
- **Handling:** Always handle your rifle with care. Avoid placing your finger on the trigger until you are ready to shoot.
- **Ammunition:** Use only the recommended ammunition for your specific rifle model. Mismatched ammunition can lead to malfunctions or accidents.
- **Shooting Environment:** Only shoot in designated areas where firearms are permitted. Be mindful of the backdrop and ensure there are no people or animals in the vicinity.
- **Maintenance:** Regularly clean and maintain your rifle stock to prevent deterioration. Use only manufacturer-recommended cleaning products.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your rifle is unloaded and the safety is engaged.
- Remove the existing stock from your rifle according to the manufacturer's instructions.
- Align the MDT TIMBR Core Laminate Kit with the action of your rifle.
- Securely fasten the stock using the provided screws and tools. Ensure all components are tightened to prevent movement.
- Check that the Vblock bedding system is properly engaged.

### 2. Usage:

- Adjust the length of pull (LOP) spacers as needed for your comfort.
- Ensure the grip angle is comfortable and provides control.
- Before shooting, doublecheck that all components are secure and that the action is functioning properly.
- After use, clean the stock with a soft cloth to maintain its appearance and integrity.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- When disposing of the rifle stock, check with local authorities for proper disposal methods to ensure

environmental safety.

- Never dispose of your rifle or its components in a manner that could pose a risk to others or the environment.

## **Contact Information for Further Support**

For any inquiries regarding safety, maintenance, or performance of the MDT TIMBR Core Laminate Kit, please refer to the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT TIMBR Core Laminate Kit. Always prioritize safety and responsibility when handling firearms.
