# Expander Safety Instruction Guide

## Introduction

Thank you for choosing the Expander, a precision tool designed for neck expansion and bullet seating in reloading applications. This guide provides essential safety instructions to ensure safe and effective use of the Expander, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

To ensure the safe use of the Expander, please follow these general safety guidelines:

- Always read and understand the instructions before using the product.
- Use the Expander only for its intended purpose as described in this manual.
- Keep the Expander out of reach of children and vulnerable individuals.
- Inspect the Expander for damage before each use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the Expander.
- Ensure that your work area is clean and welllit to avoid accidents.
- Do not modify the Expander in any way, as this may compromise safety and performance.

## Specific Safety Precautions for Use

When using the Expander, please adhere to the following specific safety precautions:

- Ensure that the Expander is compatible with your reloading die model. It is suitable for original reloading dies from Triebel Waffenwerkzeuge.
- Do not exceed the recommended diameter of 6.49 mm when using the Expander.
- Avoid wearing loose clothing or jewelry that may get caught in machinery while using the Expander.
- Always secure the workpiece properly before using the Expander to prevent movement during operation.
- If you experience any unusual vibrations, sounds, or performance issues, stop using the Expander immediately and inspect it for problems.

## Instructions for Installation and Usage

Follow these instructions carefully for the proper installation and usage of the Expander:

### 1. Installation:

- Ensure that your reloading press is turned off and unplugged.
- Remove any existing expander from your reloading die, if applicable.
- Insert the Expander into the reloading die, ensuring it fits snugly.
- Tighten the die according to the manufacturer's specifications to secure the Expander in place.

### 2. Usage:

- Prepare your work area and gather all necessary materials.
- Load the appropriate cartridge case into the reloading press.
- Operate the press according to the manufacturer's instructions, applying steady pressure to expand the neck of the cartridge case with the Expander.
- After use, clean the Expander to remove any debris or residue.

## **Disposal Instructions**

Proper disposal of the Expander is important for environmental safety. Please follow these disposal instructions:

- If the Expander is damaged or no longer usable, dispose of it in accordance with local waste disposal regulations.
- Do not dispose of the Expander in regular household waste. Instead, consider recycling or taking it to a designated hazardous waste facility if applicable.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the Expander, please contact the manufacturer's customer service or your local authorized dealer.

By following these safety instructions, you can ensure a safe and effective experience with the Expander. Always prioritize safety and stay informed about the proper use of your reloading tools.
