

Neck Bushing ⌀12,7-6,27/.2469

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-6,27/.2469
- Manufacturer: TRIEBEL
- Product no.: EU2017609
- Mfr. No.: 3000240V-06.27
- Diameter mm: 12,7 / 6,27
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-06.27

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow these instructions carefully to avoid any potential hazards.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose: precise neck sizing in reloading applications.
- Always inspect the Neck Bushing for any signs of damage or wear before use. Do not use if damaged.
- Keep the Neck Bushing out of reach of children and vulnerable individuals to prevent accidental injury.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the Neck Bushing.
- Follow all local regulations and guidelines regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Always ensure that the reloading press is securely mounted and stable before using the Neck Bushing.
- Do not exceed the recommended size specifications when using the Neck Bushing, as this may lead to improper sizing and potential safety hazards.
- Avoid direct contact with the cutting edges of the Neck Bushing to prevent cuts or injuries.
- Do not force the Neck Bushing into cases that do not fit; this may cause damage to both the bushing and the cases.
- Store the Neck Bushing in a dry and safe location when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is turned off and unplugged before installation.
- Carefully insert the Neck Bushing into the designated die of your reloading press.
- Secure the Neck Bushing in place according to the manufacturer's instructions for your specific die.

2. Usage:

- Prepare your cases by cleaning and inspecting them for defects.
- Adjust the reloading press to the desired height and ensure it is securely locked.
- Begin the neck sizing process by following the standard operating procedures for your reloading press.
- Monitor the process closely to ensure that the Neck Bushing is functioning correctly and that there are no unusual sounds or resistance.
- After completing the sizing, remove the cases and inspect them for proper sizing.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations and guidelines for metal recycling.
- Do not throw the Neck Bushing in regular trash as it may contain materials that require special handling.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact information provided with your

purchase. Ensure you have the product details ready for a prompt response.

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Always prioritize safety and compliance with the EU General Product Safety Regulation (GPSR) when using this product. Thank you for your attention to these important guidelines.
