

Neck Bushing ⌀12,7-6,35/.2500

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-6,35/.2500
- Manufacturer: TRIEBEL
- Product no.: EU2017613
- Mfr. No.: 3000240V-06.35
- Diameter mm: 12,7 / 6,35
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-06.35

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions to ensure the safe use of the product. Please read and follow these instructions carefully to avoid any hazards during installation and usage.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the Neck Bushing.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the Neck Bushing before each use to ensure it is free from defects or damage.
- If you notice any irregularities or damages, do not use the product and contact the manufacturer for assistance.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the Neck Bushing with compatible reloading dies from Triebel Waffenwerkzeuge.
- Ensure that the reloading press is securely mounted and stable before installation.
- Do not exceed the maximum dimensions specified for the Neck Bushing.
- Avoid using the product in wet or damp conditions to prevent rust and deterioration.
- Store the Neck Bushing in a dry place when not in use to maintain its quality and precision.
- Follow the specific guidelines for neck sizing to ensure optimal results and safety.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials required for installation.
- Ensure that your workspace is clean and organized.

2. Installation:

- Remove the existing bushing from your reloading die if applicable.
- Carefully insert the Neck Bushing into the die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

3. Usage:

- Load the casing into the reloading press.
- Follow the reloading die instructions for neck sizing operations.
- Monitor the process closely to ensure proper sizing and avoid any potential issues.

4. PostUse:

- After use, clean the Neck Bushing with a soft cloth to remove any residue.
- Inspect the bushing for any signs of wear or damage before storing.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components when available.

Contact Information for Further Support

For any inquiries regarding the Neck Bushing, please refer to the manufacturer's contact information provided on the product packaging or their official website.

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
