

Neck Bushing ⌀12,7-6,86/.2701

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-6,86/.2701
- Manufacturer: TRIEBEL
- Product no.: EU2017643
- Mfr. No.: 3000240V-06.86
- Diameter mm: 12,7 / 6,86
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-06.86

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing, a precision tool designed for neck sizing in reloading processes. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this manual carefully before using the Neck Bushing.

General Safety Guidelines

- Product safety is crucial. Always ensure that all nonfood products, including the Neck Bushing, are used as intended.
- Be aware of risks not covered by other EU laws, including improper use or handling of the product.
- If you purchase this product online, remember that you have the same safety protections as when buying in a physical store.
- Special attention should be given to vulnerable groups, including children. Keep this product out of reach of children.
- For any safety inquiries, please refer to the designated EU contact point associated with this product.
- Stay informed about product safety by checking for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always inspect the Neck Bushing before use for any signs of damage or wear.
- Ensure that the bushing is properly fitted to the reloading die before beginning the neck sizing process.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the bushing.
- Do not exceed the recommended sizing specifications to avoid damage to the bushing or the reloading die.
- Keep the work area clean and organized to prevent accidents while using the bushing.
- If you experience any unusual behavior during use, stop immediately and inspect the bushing for issues.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged before installation.
- Remove any existing bushing from the reloading die if necessary.
- Carefully insert the Neck Bushing into the die, ensuring a snug fit.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

2. Usage:

- Prepare your brass cases according to standard reloading procedures.
- Insert the brass case into the die and ensure it is properly aligned.
- Operate the reloading press slowly and steadily, applying even pressure.
- After sizing, remove the case from the die and inspect it for proper sizing.
- Clean the Neck Bushing after use to maintain its precision and longevity.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal products.
- Do not throw the bushing in regular household waste.
- Consider recycling the bushing if possible, as it is made from highquality hardened steel.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the designated EU contact point for safety inquiries. Ensure that you have the product details on hand for efficient assistance.

By following the safety instructions outlined in this guide, you can ensure a safe and effective experience with your Neck Bushing. Thank you for your attention to safety and for choosing our product.
