

Neck Bushing ⌀12,7-6,95/.2736

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-6,95/.2736
- Manufacturer: TRIEBEL
- Product no.: EU2017645
- Mfr. No.: 3000240V-06.95
- Diameter mm: 12,7 / 6,95
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-06.95

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety information and instructions for the proper use of the product. Please read this guide carefully to ensure safe handling and optimal performance.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose: precise neck sizing in reloading processes.
- Always inspect the bushing for any signs of damage or wear before use. Do not use if damaged.
- Keep the bushing out of reach of children and pets to prevent accidental injury.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling.

Specific Safety Precautions for Use

- Handle the Neck Bushing with care to avoid injury from sharp edges.
- Ensure that the bushing is securely fitted in the reloading die before use.
- Do not exceed the recommended sizing limits specified for the bushing.
- Avoid using excessive force during operation, which may lead to equipment failure.
- Always follow the manufacturer's instructions for your reloading equipment to ensure compatibility.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged before installation.
- Remove any existing bushing from the die if applicable.
- Insert the Neck Bushing into the die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

2. Usage:

- Set the reloading press according to your specific reloading requirements.
- Place the cartridge case into the die with the Neck Bushing.
- Slowly operate the press to size the neck of the cartridge case.
- Inspect the sized case for proper dimensions and ensure it meets your specifications.
- Repeat the process as necessary for additional cases.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- If the bushing is damaged or no longer needed, consider recycling options if available.
- Do not dispose of the bushing in regular household waste.

Contact Information for Further Support

For any safety inquiries or further support regarding the Neck Bushing, please contact the manufacturer or your local distributor. They will provide you with the necessary assistance and information.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the Neck Bushing. Always prioritize safety and consult this guide whenever needed. Thank you for your attention to these important guidelines.
