

Neck Bushing ⌀12,7-7,00/.2756

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-7,00/.2756
- Manufacturer: TRIEBEL
- Product no.: EU2017646
- Mfr. No.: 3000240V-07.00
- Diameter mm: 12,7 / 7,00
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-07.00

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing and is made from highquality hardened steel. Please read this safety instruction guide carefully to ensure safe usage and to understand how to properly install and maintain the product.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing in reloading applications.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling or using the Neck Bushing.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Neck Bushing for any signs of wear or damage before each use.
- If you notice any defects, do not use the product and contact the manufacturer for further instructions.

Specific Safety Precautions for Use

- Handle the Neck Bushing with care to avoid injury from sharp edges.
- Ensure that your reloading equipment is compatible with the Neck Bushing specifications before use.
- Do not exceed the recommended sizing limits to prevent damage to the bushing and your reloading equipment.
- Use the Neck Bushing only in wellventilated areas to avoid inhaling any dust or particles generated during use.
- Follow all local regulations regarding the handling and disposal of reloading materials.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment required for the reloading process.
- Ensure that your work area is clean and organized.

2. Installation:

- Carefully remove the Neck Bushing from its packaging.
- Inspect the bushing for any visible damage or defects.
- Install the Neck Bushing into your reloading die according to the manufacturer's instructions.
- Ensure that the bushing is securely fastened and properly aligned.

3. Usage:

- Begin the neck sizing process by following the specific guidelines of your reloading equipment.
- Monitor the process closely to ensure that the bushing is functioning correctly.
- After completing the sizing, remove the bushing from the die and clean it as necessary.

4. PostUsage Maintenance:

- Store the Neck Bushing in a dry and safe place when not in use.
- Regularly clean the bushing to maintain its performance and longevity.

Disposal Instructions

- Dispose of the Neck Bushing responsibly, following local regulations for metal recycling and hazardous materials.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's contact information provided with your product packaging or on the manufacturer's website. It is important to have access to support in case of any safety inquiries or product issues.

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Always prioritize safety and adhere to all guidelines to protect yourself and others.
