

Neck Bushing ⌀12,7-7,15/.2815

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-7,15/.2815
- Manufacturer: TRIEBEL
- Product no.: EU2017650
- Mfr. No.: 3000240V-07.15
- Diameter mm: 12,7 / 7,15
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-07.15

Neck Bushing Safety Instruction Guide

Introduction

Thank you for purchasing the Neck Bushing. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide carefully before using the Neck Bushing.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose, which is precise neck sizing.
- Always inspect the product for any signs of damage or wear before use. Do not use a damaged bushing.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Follow all manufacturer instructions and recommendations for use to avoid potential hazards.
- Report any unsafe product experiences or accidents to local authorities.

Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety goggles and gloves when handling the Neck Bushing to prevent injury.
- Ensure that the bushing is properly installed in the reloading die before use to avoid malfunctions.
- Avoid using excessive force when sizing necks to prevent damage to the bushing or the reloading equipment.
- Do not exceed the manufacturer's specified diameter limits (12.7 mm to 7.15 mm) during use.
- Be cautious of sharp edges on the bushing; handle with care to prevent cuts or injuries.

Instructions for Installation and Usage

1. Installation:

- Ensure that your workspace is clean and free from distractions.
- Remove the Neck Bushing from its packaging.
- Check that the bushing is free from any debris or damage.
- Insert the Neck Bushing into the designated reloading die, ensuring it is seated properly.
- Tighten the die securely according to the manufacturer's instructions.

2. Usage:

- Prepare the brass cases for neck sizing as per your reloading procedure.
- Adjust the die to the desired depth of neck sizing.
- Insert the brass case into the die and apply even pressure to the press handle.
- Carefully remove the sized case and inspect it for uniformity and any signs of damage.
- Repeat the process as needed for additional cases.

3. PostUse Care:

- Clean the Neck Bushing after use to remove any residues.
- Store the bushing in a dry, safe place away from moisture and direct sunlight.
- Regularly inspect the bushing for wear and replace it as necessary.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local waste disposal regulations.
- Do not dispose of the bushing in regular household waste if it is damaged or contains hazardous materials. Contact local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's website or customer service for assistance.

Thank you for choosing the Neck Bushing. Your safety and satisfaction are our top priorities.
