

Neck Bushing ⌀12,7-7,18/.2827

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-7,18/.2827
- Manufacturer: TRIEBEL
- Product no.: EU2017652
- Mfr. No.: 3000240V-07.18
- Diameter mm: 12,7 / 7,18
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-07.18

Neck Bushing Safety Instructions

Introduction

Thank you for choosing the Neck Bushing for your reloading needs. This guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the Neck Bushing.

General Safety Guidelines

- Ensure safe use of all nonfood products, including tools and equipment.
- Be aware of risks associated with reloading equipment and follow all safety measures.
- Online purchases of this product must comply with the same safety standards as physical stores.
- Extra precautions are recommended for vulnerable groups, such as children, to prevent accidents.
- For any safety inquiries, refer to the designated EU contact point (not specified here).
- Stay informed about product safety updates and recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection and gloves, when using the Neck Bushing.
- Ensure that the Neck Bushing is compatible with your reloading equipment before use.
- Check the Neck Bushing for any signs of damage or wear before each use. Do not use if damaged.
- Keep the Neck Bushing out of reach of children and unauthorized persons.
- Do not exceed the specified diameter limits during use to avoid equipment failure.
- Handle the Neck Bushing with care, as it is made from hardened steel and may cause injury if dropped or mishandled.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment before starting.
- Ensure your reloading press is clean and free from debris.

2. Installation:

- Insert the Neck Bushing into the designated slot of your reloading die.
- Tighten the bushing securely according to the manufacturer's specifications.
- Doublecheck for proper alignment and fit.

3. Usage:

- Follow the reloading die's instructions for neck sizing.
- Monitor the process closely to ensure consistent sizing results.
- After use, clean the Neck Bushing to remove any residue or debris.

4. PostUsage:

- Store the Neck Bushing in a safe, dry place away from children and pets.
- Regularly inspect the bushing for wear and replace as necessary.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal waste.

- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for specific disposal guidelines.

Contact Information for Further Support

For any further inquiries regarding safety or product usage, please refer to the designated EU contact point. Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Neck Bushing. Thank you for your attention to safety!
